Attached for your review and approval are the attached forms. They are new forms and do not replace any existing forms, nor have they been previously submitted to your Department.

The FA1201SPDAX-01 is a Single Premium Deferred Annuity contract with fixed and indexed account strategies. Complete descriptions of the strategies are provided to the applicant on Form FA5091SPDAX-01 – Disclosure Statement.

SERFF Tracking Number: FRT-127064733 State: Arkansas
Filing Company: Forethought Life Insurance Company State Tracking Number: 48185
Company Tracking Number: FA1201SPDAX-01
TOI: A021 Individual Annuities- Deferred Non- Sub-TOI: A021.003 Single Premium
Variable
Product Name: Single Premium Deferred Annuity
Project Name/Number: Single Premium Deferred Annuity/FA1201SPDAX-01

There is a Premium Bonus credited at issue which is subject to recapture if early withdrawals are taken. The contract also offers, through riders, the Guaranteed Lifetime Income Benefit, which gives the owner the right to make Systematic Withdrawals from the contract up to the amount of the Guaranteed Lifetime Annual Income each year for the rest of his life, beginning on an Option Date selected by the owner.

All account strategies are included as riders and credit interest to the owner's funds at interest rates declared by the company for the fixed strategies or related to the performance of the S&P 500 Index for the indexed strategies. Interest rates, caps, and spreads are guaranteed in advance of each Strategy Term for the length of the Strategy Term, as defined for the Strategy. At least one of 1) the one year Fixed Account Strategy rider, or 2) the One Year Annual Point-to-Point with Cap Indexed Strategy Rider; will be attached to all FA2001SPDAX-01 contracts issued, and will be available at all times for this contract. Other fixed and indexed account strategies may also be offered. This contract permits strategy reallocations to available strategies after each Strategy Term.

The Contract has a ten year period where Withdrawal Charges may be assessed on the Premium and the Premium Bonus. We may offer the product with a market value adjustment, which is being filed by endorsement and is described below. In any case, the surrender value of the annuity will always be greater than the Minimum Guaranteed Contract Withdrawal Value in order to comply with the Nonforfeiture Law.

Payments - Only an initial single premium will be accepted as payment for this contract. No additional premiums will be accepted. See the Premium Payment section in the Contract. The single premium range for this annuity will be \$5,000 to \$1,000,000. Forethought may accept amounts greater than \$1,000,000, subject to prior home office approval.

Issue Ages - The issue ages for the contract are 0 through 80.

Target Market - The market for this Single Premium Deferred Annuity will initially be clients of independent marketing organizations ("IMO's") and it will be individually issued through licensed and appointed agents. Forethought provides on-line producer training for all new agents. Additional training is provided when a new annuity is approved for sale in a state so that agents will understand the particulars of the new annuity and the target market for this product.

What is the target market for the company's annuity products?

- the issue ages?

- o Issue Ages 0-80 for both Qualified and Non-Qualified Plans

- o Non-Qualified Plans:

 - Joint owner permitted – use the ages of the oldest joint owner

- o Qualified Plans:

 - Joint ownership not permitted

 - Distributions at least equal to the IRS Required Minimum Distribution amounts must begin by the time the owner

reaches age 70½

- o If any of the owners' ages fall outside the stated age range the contract will be rejected
- o Non-Qualified contracts may be owned by non-person entity BUT the guaranteed lifetime income benefit will be based on the life of the annuitant (oldest joint annuitant).

What guidelines have been provided through the market distribution system to ensure that sales are aimed at the target market?

- When a new product is introduced to the agent force on-line training is provided for agents. The agents are also furnished written materials describing the product.

What procedures have been put into place to monitor solicitation and marketing practices to ensure compliance with these guidelines?

- A review of applications is in place. If an applicant meets one or more of our criteria, the application is given a thorough review to determine the suitability of this purchase by the applicant. The main criteria used to require a Suitability review are:
 - All applicants age 65 and over;
 - All applicants who would be paying a surrender penalty if replacing a current annuity; and
 - All applicants who would be using a certain percentage of their assets to purchase the annuity.

What procedures have been put in place to monitor business in force to ensure that the company's annuity products are reaching the target market?

- Please see the response to the previous question.

What actions does the company put in place if annuity product sales do not tract the target market?

- If an applicant does not meet the Suitability requirements, the application is rejected.

The following riders may be offered with FA1201SPDAX-01.

Guaranteed Lifetime Income Benefit Riders

FA4056-01 – The Guaranteed Lifetime Income Benefit Rider – may be attached to our deferred annuity contract form FA1201SPDAX-01. The Guaranteed Lifetime Income Benefit provided by this rider allows the owner to make systematic withdrawals for annual amounts up to the Guaranteed Lifetime Annual Income beginning on the Option Date selected by the owner and continuing for the remainder of the owner's life. The Option Date must follow the later of the Guaranteed Lifetime Income Benefit Waiting Period or the owner's age 56.

SERFF Tracking Number: FRT-127064733 State: Arkansas
Filing Company: Forethought Life Insurance Company State Tracking Number: 48185

Variable
Product Name: Single Premium Deferred Annuity
Project Name/Number: Single Premium Deferred Annuity/FA1201SPDAX-01

The initial Income Base is equal to the premium paid plus any premium bonus. Thereafter the Income Base is an accumulation of premium that grows at the Income Base Accumulation Rate at the end of each of the first 10 contract years, or until the Option Date if earlier. Withdrawals reduce the Income Base in proportion to the reduction in Contract Value. The Accumulation Period may be extended at the option of the owner for an additional 10 years.

The initial Guaranteed Lifetime Annual Income (GLAI) is equal to the Guaranteed Lifetime Income Benefit Factor for the applicable Income Option and attained age on the Option Date, multiplied by the greater of 1) the Income Base on the Option Date and 2) the Contract Value on the Option Date. The GLAI will decrease following annual withdrawals that exceed the contract year's GLAI. The GLAI will increase on contract anniversaries to the Guaranteed Lifetime Income Benefit Factor multiplied by the current Contract Value, if that exceeds the current GLAI.

There is an Increased Temporary Annual Income as long as the Contract Value has not been exhausted. This increases the income above the GLAI on a temporary basis for qualifying Contract Years, while the Contract Value is positive. Payment reverts to the GLAI when the Contract Value is exhausted.

There is an Enhanced Death Benefit available as an optional component of this rider.

Single Premium Deferred Annuity Contract

Forethought Life Insurance Company
One Forethought Center
P.O. Box 296
Batesville, IN 47006-0296

In this Contract, "You" or "Your" will refer to the Owner and "We," "Our," or "Us" will refer to Forethought Life Insurance Company, a stock company.

We will pay the proceeds of this Contract according to its terms. The proceeds will provide a monthly income or other settlement, in accordance with the Annuity Option selected.

This is a legal Contract between You and Us. Read it carefully.

RIGHT TO EXAMINE AND RETURN THIS CONTRACT

If You are not satisfied, You may cancel Your Contract by returning it within thirty (30) days after the date You receive it. Mail or deliver to Us at the address shown above or to Your agent. If You return the Contract by mail, it will be deemed returned on being postmarked, properly addressed, and postage prepaid. This Contract will then be void from its start. Any premium paid and not previously withdrawn will be refunded. If you return the policy, any bonus benefit will not be returned to You.

This Contract is signed by Us as of its Issue Date.

Handwritten signature of Arvid R. Muller in black ink.

DEFINITIONS

Accumulation Period

The period prior to the Annuity Date.

Annuity Payments

The series of payments made to the Owner or other named payee after the Annuity Date under the Annuity Option elected.

Annuity Date

The date on which Annuity Payments begin. The Annuity Date is shown on the Contract Data Page.

Annuity Period

The period starting on the Annuity Date during which Annuity Payments are payable.

Attained Age

The age of any Owner or Annuitant on his or her last birthday.

Beneficiary

The person You name to receive a death benefit payable under this Contract upon the death of the Owner or a Joint Owner, or in certain circumstances, upon the death of an Annuitant or a Joint Annuitant.

Company

Forethought Life Insurance Company.

Contract Anniversary

An anniversary of the Issue Date of this Contract.

Contract Withdrawal Value

The greater of:

1. the Contract Value less any applicable Withdrawal Charges, less any applicable Market Value Adjustment and less any applicable taxes; or
2. the Minimum Guaranteed Contract Withdrawal Value.

Contract Year

A one-year period starting on the Issue Date and on each Contract Anniversary thereafter.

Issue Age

The age as of the last birthday of the oldest Owner on the Issue Date.

Issue Date

The date this Contract was issued as shown on the Contract Data Page.

Joint Owner

If there is more than one Owner, each Owner shall be a Joint Owner of the Contract.

Notice

Any form of communication providing information We need, either in writing or another manner that We approve in advance. All Notices to Us must be sent to Our Annuity Service Center.

Owner

The person(s) entitled to the ownership rights under this Contract. If Joint Owners are named, all references to Owner shall mean Joint Owners.

Premium Paid

Any amount paid to Us under this Contract as consideration for the benefits it provides, less any applicable taxes We deduct upon receipt of a premium.

DEFINITIONS (continued)

Reallocation

The transfer of Contract Value from one Strategy to another.

Reallocation Date

Reallocation Dates occur on Contract Anniversaries. You may reallocate the Contract Value among one or more Strategy(ies) to be effective on Reallocation Dates that coincide with the end of Strategy Terms.

Rider Charge

Riders attached to this Contract may have a Rider Charge. If there is a Rider Charge, it will be described in a Rider Charges section of that Rider. The Rider Charges section will indicate the amount and timing of the charge and the manner in which the charge will be allocated among Strategies.

Strategy

Any of the crediting Strategies available under the Contract. You elect the Strategy(ies) to which the Premium Paid is allocated or Reallocation is made, subject to the terms of this Contract. We reserve the right to add Strategies as approved by the Insurance Department of the state in which the Contract is issued. We may cease to offer a specific Strategy or cease to accept Reallocation to a specific Strategy at any time, except we will always have either the 1-Year Fixed Strategy and/or the One Year Point-to-Point with Cap Indexed Strategy as an available Strategy. Any new Reallocations accepted are subject to the terms and conditions in existence for any Strategy(ies) available at that time. The Strategies You have elected at issue are shown on the Contract Data Page.

Strategy End Date

The last day of the Strategy End Year.

Strategy End Year

Defined on the Contract Data Page for each available Strategy. This is the scheduled Contract Year after which Contract Value funds can no longer be allocated to that Strategy or remain in that Strategy, if applicable. See the Electing Strategies section.

Strategy Term

The period during which rates declared by Us for calculation of Strategy Values are guaranteed and during which interest credits are calculated. The Strategy Term for each Strategy You have elected is shown on the Contract Data Page. The first Strategy Term begins on the Issue Date. Subsequent Strategy Terms begin immediately following the end of the prior Strategy Term.

Strategy Value

The value of the portion of the Contract Value attributable to a Strategy.

GENERAL PROVISIONS

THE CONTRACT

The entire contract consists of this Contract, any Riders or endorsements attached to this Contract, and a copy of the application, if one is attached to this Contract when issued. This Contract must be returned to Us prior to the payment of any benefit, unless waived by Us. Prior to any payment of a death benefit, due proof of death must be submitted to Us.

INCONTESTABILITY

We will not contest the validity of this Contract at any time following the Issue Date.

NONPARTICIPATING

This Contract will not share in any distribution of dividends by Us.

MISSTATEMENT OF AGE OR SEX

We may require proof of age or sex of the Annuitant before making any Annuity Payments under this Contract that are measured by the Annuitant's life. If the age or sex of the Annuitant has been misstated, the amount payable will be the amount that would have been provided at the correct age or sex.

After Annuity Payments have begun, any underpayments will be made up in one lump sum with the next Annuity Payment. Any overpayments will be deducted from future Annuity Payments until the total is repaid. Adjustments for underpayments or overpayments shall include interest calculated at a rate according to applicable law.

PROTECTION OF PROCEEDS

No Beneficiary may encumber, alienate or assign any payments under this Contract before they are due. To the extent permitted by law, no payments will be subject to the debts, contracts or engagements of any payee or to any judicial process to levy upon or attach the same.

REPORTS

At least once each calendar year, We will furnish You with a report showing the Contract Value, the amounts allocated to the applicable Strategies, and any other information as may be required by law. We will send You confirmations of certain transactions. Reports and confirmations will be sent to Your last known address.

PREMIUM AND OTHER TAXES

Any premium taxes or other taxes paid by Us to any governmental entity relating to this Contract may be deducted from the premium or Contract Value. We will, at Our sole discretion, determine when taxes relate to the Contract, including when they have resulted from receipt by Us of the premium or commencement of Annuity Payments. We may, at Our sole discretion, pay taxes when due and deduct that amount from the Contract Value at a later date. Payments at an earlier date do not waive any right We may have to deduct amounts at a later date. We will deduct any withholding taxes required by applicable law.

EVIDENCE OF SURVIVAL

We may require satisfactory evidence of the continued survival of any person(s) on whose life Annuity Payments are based. We reserve the right to discontinue Annuity Payments until satisfactory proof of continued survival is received.

MODIFICATION OF CONTRACT

This Contract may be modified by Us to maintain compliance with applicable state and federal law. This Contract may be changed only in writing signed by Our President or Our Secretary.

EMPLOYER-SPONSORED PLANS

This annuity Contract will have unisex mortality factors applied to its Annuity Option if the Contract is part of an employer-sponsored retirement plan under the provisions of Internal Revenue Code sections 401, 403, 457 or other pertinent section.

DEFERRAL PAYMENTS

If approved by the Commissioner of Insurance of the state in which this Contract is delivered, We reserve the right to defer payments for any Withdrawal Amount for a period not exceeding six (6) months. Subject to state requirements, interest will be credited during such deferred period.

RESERVES, VALUES AND BENEFITS

All reserves are greater than or equal to those required by statute. Any values and death benefits that may be available under this Contract are not less than the minimum benefits required by any law of the state in which this Contract is delivered.

ANNUITANT, OWNERSHIP, ASSIGNMENT PROVISIONS

ANNUITANT

The Annuitant is the natural person on whose life Annuity Payments are based. The Annuitant is the person designated by You as of the Issue Date, unless changed prior to the Annuity Date. The Annuitant may not be changed in a Contract which is owned by a non-natural person. The Annuitant and Owner need not be the same person. Any change of Annuitant is subject to Our underwriting rules in effect at the time of the request.

OWNER

You, as the Owner, have all the interests and rights under this Contract. The Owner is the person designated as such on the Issue Date, unless changed.

You may change the Owner at any time, subject to Our underwriting rules in effect at the time of the request. A change of Owner will automatically revoke any prior designation of Owner. A request for change must be by Notice. Except as otherwise elected or required by law, a change of Owner will not change a designation of an Annuitant or Beneficiary or an Annuity Option election. Any change of Owner may terminate some benefits provided in the Riders attached to this Contract, as described in those Riders.

The change will become effective as of the date the Notice is received by Us. A new designation of Owner will not apply to any payment made or action taken by Us prior to the time the new designation is recorded at Our Annuity Service Center.

JOINT OWNER

A Contract may be owned by Joint Owners, limited to two natural persons. Joint Owners have equal ownership rights and must both authorize any exercise of those ownership rights unless otherwise allowed by Us. Upon the death of either Joint Owner, the surviving Joint Owner will be deemed to be the primary Beneficiary, unless You have given Us Notice otherwise.

ASSIGNMENT

You may assign Your rights under this Contract. We will not be bound by any Assignment until Notice of the Assignment is recorded by Us. We are not responsible for the validity or tax consequences of any Assignment. We will not be liable for any payment or other settlement made by Us before We record the Notice of the Assignment. Any Assignment may terminate some benefits provided in the Riders attached to this Contract, as described in those Riders.

BENEFICIARY PROVISIONS

BENEFICIARY

The Beneficiary designation in effect on the Issue Date will remain in effect, unless changed. Unless You provide otherwise, the death benefit will be paid in equal shares to the Beneficiary(ies) as follows:

1. to the primary Beneficiary(ies) who survive the Owner (or if the Owner is not a natural person, the Annuitant's death); or if there are none, then
2. to the contingent Beneficiary(ies) who survive the Owner (or if the Owner is not a natural person, the Annuitant's death); or if there are none, then
3. to the Owner's estate.

If Joint Owners have been designated, unless You inform Us otherwise, the surviving Joint Owner will be treated as the primary Beneficiary. Any other Beneficiary designation will be treated as a contingent Beneficiary unless otherwise indicated in a Notice to Us.

SIMULTANEOUS DEATH OF BENEFICIARY AND OWNER

Death benefits will be paid as though any Beneficiary died before the Owner if the Beneficiary dies within 24 hours of the Owner's death.

CHANGE OF BENEFICIARY

Subject to the rights of any irrevocable Beneficiary, You may change the primary Beneficiary or contingent Beneficiary. A change may be made by filing a Notice with Us. The change will take effect as of the date the Notice is received by Us. We will not be liable for any payment made or action taken before We receive the Notice.

PREMIUM PAYMENT PROVISIONS

PREMIUM PAYMENT

The amount of the Premium Paid is shown on the Contract Data Page. No additional premium payments may be made to the Contract at any time. If any check presented as payment of any part of a premium is not honored, the Contract will be void.

ALLOCATION OF PREMIUM The Allocated Premium for each Strategy is that portion of the Premium Paid made in accordance with Your selection made at the Issue Date. The Allocated Premium is subject to the allocation requirements set forth in Electing Strategies.

CONTRACT VALUE PROVISIONS

CONTRACT VALUE

Your Contract Value is the sum of Your Strategy Values.

ELECTING STRATEGIES

You elect the Strategies to which Your Premium Paid is allocated from among those offered by Us and described in the Contract and applicable Riders. Allocations to any Strategy must be in whole percentages and must not be less than the Minimum Allocation to any Strategy shown on the Contract Data Page. The contractual provisions applicable to Strategies You have elected are contained in the Strategy Riders attached to and made a part of this Contract.

Each available Strategy is established by a separate Rider. After the Company has established a Strategy, values may be transferred to the Strategy in accordance with the provisions of this Contract and the applicable Rider. The Rider shall establish the method by which interest is credited to the Strategy Value associated with the applicable Strategy.

At any time during the first thirty (30) days immediately following the end of a Strategy Term, You may reallocate all or a portion of the Strategy Values to any other available Strategy. No Withdrawal Charges or Market Value Adjustments will apply to Reallocations made during such thirty (30) day periods. Reallocations are allowed only during the first thirty (30) days of a Strategy Term. During such thirty (30) day period, and until We receive Reallocation notification from You, Your allocations will remain unchanged from the prior Strategy Term.

If We do not receive notification from You during such thirty (30) day period, You will be deemed to have elected to continue Contract Value allocations to the same Strategies selected in the prior Strategy Term. However, if We do not receive such notification and the Strategy selected for the prior Strategy Term is no longer available, the amount will reallocate to the 1-Year Fixed Strategy if available, otherwise to the One Year Point-to-Point with Cap Indexed Strategy.

Reallocation is subject to the terms and conditions in existence for any Strategy(ies) available at that time. Reallocations to any Strategy must not be less than the Minimum Allocation shown on the Contract Data Page. You will receive from Us written confirmation of Your Reallocation elections. Reallocations are effective on the Reallocation Date(s).

MINIMUM GUARANTEED CONTRACT WITHDRAWAL VALUE

The Minimum Guaranteed Contract Withdrawal Value is an accumulation at the applicable Minimum Guaranteed Contract Withdrawal Value Interest Rates of the Premiums Paid multiplied by the Minimum Guaranteed Contract Withdrawal Value Premium Factor, less prior Withdrawal Proceeds and less Rider Charges. The Minimum Guaranteed Contract Withdrawal Value Premium Factor and the Minimum Guaranteed Contract Withdrawal Value Interest Rates are shown on the Contract Data Page. The Minimum Guaranteed Contract Withdrawal Value will never be less than zero.

The Minimum Guaranteed Contract Withdrawal Value is calculated as the sum of the Fixed Minimum Guaranteed Contract Withdrawal Value (Fixed MGCWV) and the Indexed Minimum Guaranteed Contract Withdrawal Value (Indexed MGCWV) as defined below. The Fixed MGCWV is the portion of the Minimum Guaranteed Contract Withdrawal Value that corresponds to the Fixed Strategy Value(s). The Indexed MGCWV is the portion of the Minimum Guaranteed Contract Withdrawal Value that corresponds to the Indexed Strategy Values.

The Fixed MGCWV is calculated as follows:

1. On the Issue Date the Fixed MGCWV equals the total of the Allocated Premium of the Fixed Strategy(ies) multiplied by the Minimum Guaranteed Contract Withdrawal Value Premium Factor.
2. On any day thereafter, the Fixed MGCWV equals:
 - (a) the Fixed MGCWV on the previous day; plus
 - (b) the amount of Reallocations to the Fixed MGCWV from the Indexed MGCWV since the previous day; less
 - (c) the amount of Reallocations from the Fixed MGCWV to the Indexed MGCWV since the previous day; less
 - (d) Withdrawal Proceeds that are attributable to the Fixed MGCWV since the previous day; less
 - (e) Rider Charges that are attributable to the Fixed MGCWV since the previous day; plus
 - (f) interest credited at the Minimum Guaranteed Contract Withdrawal Value Interest Rate for Fixed Allocations.

The Indexed MGCWV is calculated as follows:

1. On the Issue Date the Indexed MGCWV equals the total of the Allocated Premium of the Indexed Strategy(ies) multiplied by the Minimum Guaranteed Contract Withdrawal Value Premium Factor.
2. On any day thereafter, the Indexed MGCWV equals:
 - (a) the Indexed MGCWV on the previous day; plus
 - (b) the amount of Reallocations to the Indexed MGCWV from the Fixed MGCWV since the previous day; less
 - (c) the amount of Reallocations from the Indexed MGCWV to the Fixed MGCWV since the previous day; less
 - (d) Withdrawal Proceeds that are attributable to the Indexed MGCWV since the previous day; less
 - (e) Rider Charges that are attributable to the Indexed MGCWV since the previous day; plus
 - (f) interest credited at the Minimum Guaranteed Contract Withdrawal Value Interest Rate for Indexed Allocations.

Withdrawal Proceeds and Rider Charges are attributed to the Fixed MGCWV and Indexed MGCWV in the proportion that each bears to the total Minimum Guaranteed Contract Withdrawal Value.

On a day that a Reallocation from the Fixed Strategies to the Indexed Strategies occurs, the amount of the comparable Reallocation from the Fixed MGCWV to the Indexed MGCWV is the amount that reduces the Fixed MGCWV in the same proportion that the total of the Fixed Strategy Values are reduced. Similarly, on a day that a Reallocation from the Indexed Strategies to the Fixed Strategies occurs, the amount of the comparable Reallocation from the Indexed MGCWV to the Fixed MGCWV is the amount that reduces the Indexed MGCWV in the same proportion that the Indexed Strategies Values are reduced. Reallocations between Fixed Strategies only do not result in amounts being Reallocated from the Fixed MGCWV or Indexed MGCWV. Reallocations between Indexed Strategies only do not result in amounts being Reallocated from the Fixed MGCWV or Indexed MGCWV.

DEATH BENEFIT PROVISIONS

DEATH OF OWNER DURING THE ACCUMULATION PERIOD

During the Accumulation Period, the death benefit will be paid to Your Beneficiary(ies) upon Your death or upon the first death of a Joint Owner.

DEATH BENEFIT AMOUNT DURING THE ACCUMULATION PERIOD

The death benefit is the greater of the Contract Value and the Minimum Guaranteed Contract Withdrawal Value, determined as of the date on which We have received both due proof of death and an election for the payment method. At that time and until distributed, the death benefit will receive interest as required by the state in which this Contract is delivered. In the event the Contract is continued by a surviving spouse as set forth below, the Contract Value will remain in the Strategy(ies) for the remainder of the Strategy Term under the terms of this Contract.

DEATH BENEFIT OPTIONS DURING THE ACCUMULATION PERIOD

A Beneficiary must elect the death benefit to be paid under one of the options below (unless the Owner has previously made such election) in the event of the death of an Owner during the Accumulation Period. In addition, if the Beneficiary is the spouse of the Owner, he or she may elect to continue the Contract in his or her own name and exercise all the Owner's rights under the Contract. In this case the Contract will continue without payment on the death of the Owner, and will be determined as of the death of the surviving spouse. The death benefit options available under the Contract are:

Option 1 - lump sum payment of the death benefit; or

Option 2 - the payment of the entire Contract Value within five (5) years of the date of the death of the Owner or the first Joint Owner to die; or

Option 3 - payment of the death benefit under an Annuity Option over the lifetime of the Beneficiary or over a period not extending beyond the life expectancy of the Beneficiary with distribution beginning within one (1) year of the date of death of the Owner or the first Joint Owner to die.

If a lump sum payment is requested, the amount will be paid within sixty (60) days of receipt of proof of death and the election.

Payment to the Beneficiary, other than in a lump sum, may only be elected during the sixty (60) day period beginning with the date of receipt by Us of proof of death.

DEATH OF OWNER DURING THE ANNUITY PERIOD

If the Owner or a Joint Owner, who is not the Annuitant, dies during the Annuity Period, any remaining payments under the Annuity Option elected will continue at least as rapidly as under the method of distribution in effect at the time of the Owner's death. Upon the death of the Owner during the Annuity Period, the Beneficiary becomes the Owner.

DEATH OF ANNUITANT

Upon the death of an Annuitant who is not the Owner or a Joint Owner during the Accumulation Period, the Owner becomes the Annuitant. The Owner may select a new Annuitant if the Owner does not want to be the Annuitant. Any new Annuitant designation will be subject to the Company's underwriting rules then in effect. If the Owner is a non-natural person, the death of the primary Annuitant will be treated as the death of the Owner.

Upon the death of the Annuitant during the Annuity Period, the death benefit, if any, will be as specified in the Annuity Option elected. Death benefits will be paid at least as rapidly as under the method of distribution in effect at the Annuitant's death.

DEATH BENEFIT PROVISIONS (continued)

PAYMENT OF DEATH BENEFIT

We will require due proof of death before any death benefit is paid. Due proof of death will be:

1. a certified death certificate; or
2. any other proof satisfactory to Us.

Any death benefit will be paid in accordance with applicable law or regulations governing death benefit payments. In all events, this Contract will be continued and administered in accordance with Section 72(s) of the Internal Revenue Code, as amended.

WITHDRAWAL PROVISIONS

WITHDRAWALS

You have the right to withdraw part or all of Your Contract Value at any time prior to the Annuity Date. The most that may be withdrawn at any time prior to the Annuity Date is the greater of:

1. The Contract Withdrawal Value at the time of the withdrawal; and
2. The remainder of the Guaranteed Lifetime Annual Income at the time of the withdrawal, if applicable, which is equal to:
 - (a) The Guaranteed Lifetime Annual Income on the previous day; less
 - (b) The cumulative Withdrawal Amounts taken during the Contract Year and prior to this withdrawal.

Except for Withdrawal Amounts taken as part of a Systematic Withdrawal plan, a Withdrawal Amount must be at least the Minimum Withdrawal Amount shown on the Contract Data Page. If the withdrawal reduces the Contract Value below the amount of the Minimum Contract Value After Withdrawal as shown on the Contract Data Page and the Guaranteed Lifetime Annual Income, if applicable, after the withdrawal is less than the Minimum Systematic Withdrawal Amount shown on the Contract Data Page, We may treat the request as a withdrawal of the entire Contract Value. If You withdraw the entire Contract Value and the cumulative Withdrawal Amounts taken during the Contract Year exceed an applicable Guaranteed Lifetime Annual Income or an applicable Guaranteed Lifetime Income Benefit is terminated, the Contract will terminate. If You elect to withdraw all of Your Contract Value, You will not receive less than the Minimum Guaranteed Contract Withdrawal Value.

Amounts withdrawn prior to the end of the Withdrawal Charge Period may be subject to a Withdrawal Charge and any applicable Market Value Adjustment. Any Withdrawal Charge and applicable Market Value Adjustment will be deducted from the remaining Contract Value. If the remaining Contract Value is less than the sum of (A) and (B), where (A) is the Withdrawal Charge, and (B) is any applicable Market Value Adjustment, then the Withdrawal Charge and applicable Market Value Adjustment will be deducted from the Withdrawal Proceeds and the withdrawal request will be treated as a withdrawal of the entire Contract Value.

WITHDRAWAL AMOUNT

The Withdrawal Amount is the full amount we deduct from the Contract Value to provide Your Withdrawal Proceeds, taking into consideration any Free Withdrawal Amount available, any Withdrawal Charges and any applicable Market Value Adjustment.

WITHDRAWAL PROCEEDS

Withdrawal Proceeds refer to the amount payable to You when You take a withdrawal, after taking into consideration any Withdrawal Charges and any applicable Market Value Adjustment.

WITHDRAWAL CHARGE PERIOD

The period shown on the Contract Data Page during which Withdrawal Charges and any applicable Market Value Adjustments may be assessed against Withdrawal Amounts.

WITHDRAWAL CHARGE

Cumulative withdrawals of Contract Value, in a Contract Year, that exceed the Free Withdrawal Amount may be assessed a Withdrawal Charge. Withdrawal Charges are not assessed against death benefit proceeds paid on account of the death of the Owner. Withdrawal Charges are also not assessed against any amounts applied to an Annuity Option that begins at least five (5) years after the Issue Date and that makes annuity payments for at least sixty (60) months.

The Withdrawal Charge includes assessments based on both the Withdrawal Charge Percentage and the Premium Bonus Recapture Charge Percentage, if applicable.

The Withdrawal Charge is equal to the

- (1) Withdrawal Charge On Accumulated Premium; plus
- (2) Withdrawal Charge On Accumulated Premium Bonus.

Where:

- Withdrawal Charge On Accumulated Premium = (Accumulated Premium Withdrawn) X WC%
- Withdrawal Charge On Accumulated Premium Bonus = (Accumulated Premium Bonus Withdrawn) X PBR%
- Accumulated Premium Withdrawn =
[(Withdrawal Amount) –
(Free Withdrawal Amount available and remaining in the Contract Year)]
/ (1 + PB%)
- Accumulated Premium Bonus Withdrawn =
(Accumulated Premium Withdrawn) X PB%
- PB% = Premium Bonus Percentage shown on the Contract Data Page, if applicable. If there is no Premium Bonus, then this is equal to 0%.
- WC% = any applicable Withdrawal Charge Percentage shown on the Contract Data Page.
- PBR% = any applicable Premium Bonus Recapture Charge Percentage shown on the Contract Data Page.

MARKET VALUE ADJUSTMENT

If so indicated on the Contract Data Page, a Market Value Adjustment will apply to this Contract as described in the Market Value Adjustment Endorsement.

FREE WITHDRAWAL AMOUNT

After the first Contract Year and prior to the Annuity Date, You may annually withdraw a portion of the Contract Value that is free of Withdrawal Charges and any applicable Market Value Adjustment. The Free Withdrawal Amount for any Contract Year is equal to 10% of the Contract Value on the prior Contract Anniversary. In the event a Contract's entire Contract Value is withdrawn in a Contract Year where a Free Withdrawal Amount is made, the Withdrawal Charge and any applicable Market Value Adjustment will also be retroactively applied to any Free Withdrawal Amounts occurring earlier in that Contract Year. Withdrawals made pursuant to a Systematic Withdrawal plan may be made more frequently than once per Contract Year and will be treated as a Free Withdrawal Amount, provided that the total annual amount withdrawn does not exceed the 10% limitation described above. Unused Free Withdrawal Amounts cannot be carried forward into following Contract Years.

SYSTEMATIC WITHDRAWALS

At any time prior to the Annuity Date, You may ask, in a form acceptable to Us, to begin a Systematic Withdrawal plan to make withdrawals from the Contract Value on a regular basis. This program of Systematic Withdrawals may continue until terminated by You or until the Contract terminates. The Minimum Systematic Withdrawal Amount is shown on the Contract Data Page. It is the least amount that We will allow for a scheduled Withdrawal Amount at the frequency requested. All Systematic Withdrawal amounts will be taken from the Strategies on a pro rata basis.

ANNUITY PROVISIONS

MATURITY DATE

The Maturity Date of the Contract is the Contract Anniversary following the Owner's or the oldest Joint Owner's 100th birthday (or the Annuitant's or oldest Joint Annuitant's 100th birthday if the Owner is a non-natural person). The Maturity Date is shown on the Contract Data Page. This is the latest permitted Annuity Date.

ANNUITY DATE SELECTION

You may select Your Annuity Date and commence Annuity Payments under an elected Annuity Option at any time. If you commence Annuity Payments before the fifth anniversary, the Contract Withdrawal Value will be applied to the applicable Annuity Option Table to determine Your first Annuity Payment. If you commence Annuity Payments on or after the fifth anniversary, the Contract Value will be applied to the applicable Annuity Option Table to determine Your first Annuity Payment.

ELECTION OF ANNUITY OPTIONS

The Annuity Option is elected by You. If no Annuity Option is elected, Option 2 - Life Annuity with Ten (10) Years of Annuity Payments Guaranteed will automatically be applied. Upon thirty (30) days Notice prior to the Annuity Date, You may change the Annuity Option. Once payments commence under an elected Annuity Option, that option is irrevocable and the Contract has no value that can be surrendered, loaned, commuted or withdrawn.

ANNUITY OPTIONS

The following Annuity Options, or any other Annuity Option acceptable to You and Us, may be elected:

Option 1 - Life Annuity - We will make Annuity Payments, payable at the frequency elected, during the lifetime of the annuitant and terminating with the last payment due prior to the Annuitant's death.

Option 2 - Life Annuity with 10 Years of Annuity Payments Guaranteed - We will make Annuity Payments, payable at the frequency elected, during the lifetime of the Annuitant with a guarantee that if at the Annuitant's death there have been less than ten (10) years of Annuity Payments made as selected, Annuity Payments will continue for the remainder of the guaranteed period.

Option 3 - Life Annuity with 20 Years of Annuity Payments Guaranteed - We will make Annuity Payments, payable at the frequency elected, during the lifetime of the Annuitant with a guarantee that if at the Annuitant's death there have been less than twenty (20) years of Annuity Payments made as selected, Annuity Payments will continue for the remainder of the guaranteed period.

Option 4 - Joint and Last Survivor Annuity - We will make Annuity Payments, payable at the frequency elected, during the lifetime of the Annuitant and the Joint Annuitant. Upon the death of either the Annuitant or Joint Annuitant, Annuity Payments will continue to be paid during the remaining lifetime of the survivor. Annuity Payments cease with the final Annuity Payment due prior to the last survivor's death.

Option 5 - Joint and Last Survivor Annuity with 10 Years of Annuity Payments Guaranteed - We will make Annuity Payments, payable at the frequency elected, during the joint lifetime of the Annuitant and the Joint Annuitant. Upon the death of either the Annuitant or the Joint Annuitant, annuity Payments will continue to be paid during the remaining lifetime of the survivor. If at the last death of the Annuitant and the Joint Annuitant, there have been less than ten (10) years of Annuity Payments made as selected, Annuity Payments will continue to be made for the remainder of the guaranteed period.

Option 6 - Guaranteed Payment Period - We will make Annuity Payments for a guaranteed payment period of five (5) to thirty (30) years. The payments do not depend on the Annuitant's life.

Option 7 - Alternative Annuity Option - If a Guaranteed Lifetime Income Benefit is in force on the Maturity Date, You may elect an annuity payable for the life of the Income Life, and their spouse if the joint Guaranteed Lifetime Income Benefit option is in effect, with annual payments equal to the Guaranteed Lifetime Annual Income as of the day before the Maturity Date.

ANNUITY PAYMENTS

The Annuity Tables that follow contain guaranteed monthly Annuity Payment amounts per \$1,000 of Contract Withdrawal Value. Annuity Payments are based on the Annuitant's Attained Age and sex, and the Annuity Option elected. Unless another payee is designated, You will be the payee of the Annuity Payments.

The Contract Withdrawal Value or Contract Value, if applicable, will be applied to the applicable Annuity Option Table to determine Your first Annuity Payment. The Contract Withdrawal Value or Contract Value, if applicable, is determined no more than five (5) days prior to the Annuity Date. If, as of the Annuity Date, the then current Annuity Option rates applicable to this class of contracts provide an Annuity Payment greater than that which is guaranteed under the same Annuity Option under this Contract, then the greater payment will be made. For Attained Ages, combinations of sex, guaranteed payment periods, payment frequencies, and annualized effective interest rates not shown in these tables, Annuity Payment factors will be calculated in a manner consistent with these Annuity Option Tables.

FREQUENCY AND AMOUNT OF ANNUITY PAYMENTS

Annuity Payments will be paid as monthly installments or at any frequency acceptable to You and Us. If Contract Withdrawal Value to be applied under an Annuity Option is less than \$5,000, We reserve the right to make one lump sum payment in lieu of Annuity Payments. If the amount of any Annuity Payment would be or becomes less than \$100, We may reduce the frequency of payments to an interval which will result in each payment being at least \$100. Amounts paid more frequently than quarterly must be paid through electronic funds transfer.

BASIS OF PAYMENTS

The Annuity Tables are based on the Annuity 2000 Mortality Table with Improvement Table G at 1.00% interest, compounded annually.

Is this annuity intended to replace or change any existing annuity or life insurance contract?

☐ Yes ☐ No

(Note: If "Yes", complete the appropriate Replacement form for your state and return with application.)

In the event of replacement, I(we) understand that the agent must leave the original or a copy of all written or printed communications used for the presentation with me(us).

Initials

I(We) understand that I(we) am(are) applying for a Single Premium Deferred Annuity with fixed and indexed strategies. I(We) also understand that although the Contract Values may be calculated by an external index, the contract does not directly participate in any stock or equity investments. No interest will be credited to the Indexed Account Strategy Value until the end of the Indexing Period.

Initials

I(We) understand and acknowledge that Forethought Life Insurance Company does not offer legal, financial, tax, investment or estate-planning advice and I(we) have had the opportunity to seek such advice from the proper sources before purchasing this contract. I(We) have determined that the purchase of this Single Premium Deferred Annuity with fixed and indexed strategies is suitable given my(our) particular legal, financial, tax, investment, estate-planning or other goals or circumstances.

Initials

I(We) understand that all or part of the Premium Bonus (if applicable) may be forfeited due to early withdrawals from the contract.

Initials

I(We) have received a copy of the Disclosure Statement and understand that any results shown other than the minimum guaranteed contract values are not guarantees, promises, or warranties.

Initials

I understand that any amount allocated to the annuity contract for which I am applying may be subject to a market value adjustment, which may cause the values to increase or decrease in dollar amount if withdrawn or surrendered prior to a specified date or dates as stated in the contract and/or a rider or endorsement attached to the contract.

Initials

I understand that (1) bonus annuities may include changes to the elements used to determine the index interest credits or changes to the interest rate that are not included in similar annuities without a bonus, (2) such changes may include lower current interest rates, higher surrender charges, longer surrender charge periods, lower participation rates or caps, higher spreads, or other changes and (3) the amount of charges or reduction of interest credits may exceed the amount of the bonus.

GUARANTEED LIFETIME INCOME BENEFIT RIDER

This Rider will provide the Guaranteed Lifetime Income Benefit provision for the Contract to which it is attached. This Rider is made a part of the Contract or Certificate (hereafter "Contract") to which it is attached and is effective on the date the Contract is issued. Terms used in this Rider shall have the same meanings as are set forth in the Contract to which this Rider is attached unless otherwise defined in this Rider. In case of a conflict between the terms of this Rider and the terms of the Contract, the terms of this Rider will control.

This Rider contains an Income Base which is used to determine the Guaranteed Lifetime Annual Income and when applicable, to determine the Increased Temporary Annual Income. **There may be an additional charge for this Rider.**

Subject to the terms of this provision, the Owner has the right under this Contract to make Systematic Withdrawals, as defined in the Contract and as determined for each Contract Year, beginning on the day following the Guaranteed Lifetime Income Option Date in cumulative annual amounts up to the greater of 1) the Guaranteed Lifetime Annual Income (hereafter "GLAI"), and 2) the Increased Temporary Annual Income, during each remaining Contract Year while the Income Life lives, or while the Spouse of the Income Life lives when the Joint Life income option is chosen, and prior to the termination of this benefit. Note that the Increased Temporary Annual Income is equal to \$0 (zero) unless the certain conditions as described below are met. You may discontinue, restart, or change the amount or frequency of Your Systematic Withdrawals by Notice to Us. Such changes to the Systematic Withdrawal amount are limited to one change per Contract Year. You may continue to make other withdrawals from the Contract subject to the Withdrawal Provisions in the Contract. However, if You withdraw amounts (as Systematic Withdrawals or other withdrawals) in excess of the greater of Your 1) GLAI and 2) Increased Temporary Annual Income in a Contract Year on or following the Guaranteed Lifetime Income Option Date, Your GLAI and Increased Temporary Annual Income will be reduced immediately as described below. Any unused GLAI and unused Increased Temporary Annual Income in a Contract Year do not carry forward to future Contract Years.

DEFINITIONS

Income Base Accumulation Period

The period of time starting on the Issue Date, during which the Income Base may be accumulated at the Income Base Accumulation Rate.

Income Life

The Income Life is:

1. the Owner (or oldest Joint Owner) if the Owner is a natural person; or
2. the Annuitant (or oldest Joint Annuitant) if the Owner is a non-natural person.

Income Option Age

Income Option Age shall mean the age as of the last birthday on the Guaranteed Lifetime Income Option Date of the younger of 1) the Income Life and 2) the Spouse of the Income Life if applicable. The Income Option Age will remain unchanged once determined for both Single Life and Joint Life Income Options, including upon the first death of the Income Life and the Spouse of Income Life on Joint Life Income Options.

Increased Temporary Annual Income Waiting Period

The period of time, starting on the Issue Date, after which the election of an Income Option will result in the Increased Temporary Annual Income. No Increased Temporary Annual Income will be paid if an Income Option is elected during this period.

Guaranteed Lifetime Income Option Date

The date chosen by You by Notice to Us on Our form to begin Systematic Withdrawals under this Guaranteed Lifetime Income Benefit. The date must follow both 1) the Guaranteed Lifetime Income Benefit Waiting Period and 2) the date the Income Life attains the Minimum Allowable Income Option Age for Single Life income options, or the date the younger of the Income Life and Spouse of the Income Life attain the Minimum Allowable Income Option Age for Joint Life income options. The Guaranteed Lifetime Income Benefit Waiting Period and the Minimum Allowable Income Option Age are specified on the Contract Data Page. The Guaranteed Lifetime Income Benefit Waiting Period begins on the Issue Date.

GENERAL PROVISIONS

Income Options

On the Guaranteed Lifetime Income Option Date You have a choice of two different Income Options:

Option 1 - Single Life - Under a Single Life Income Option, the GLAI will be available for Systematic Withdrawal each Contract Year from the Guaranteed Lifetime Income Option Date until the earlier of:

- the death of the Income Life; or
- the termination of the Guaranteed Lifetime Income Benefit.

Option 2 - Joint Life - Under a Joint Life Income Option, the GLAI will be available for Systematic Withdrawal each Contract Year from the Guaranteed Lifetime Income Option Date until the earlier of:

- the date of death of the last to die of:
 - the Income Life; or
 - the Spouse of the Income Life; or
- the termination of the Guaranteed Lifetime Income Benefit.

All of the following requirements must be met in order for the Spouse to have the right to continue the Guaranteed Lifetime Income Benefit:

1. The Joint Life Income Option must be selected on the Guaranteed Lifetime Income Option Date.
2. The Spouse must be identified on Our form on which You elect Your Joint Life Income Option on the Guaranteed Lifetime Income Option Date.
3. The Spouse of the Income Life must qualify as the legal spouse of the Income Life on both the Guaranteed Lifetime Income Option Date and the date of death of the Income Life.
4. The roles of the Owner, Annuitant and Beneficiary on both the Guaranteed Lifetime Income Option Date and the date of death of the Income Life must be as follows:
 - a. If the Owner is a natural person then:
 - i. The Income Life and the Spouse must be Joint Owners; or
 - ii. Either the Income Life must be the sole Owner and the Spouse must be the sole primary Beneficiary or vice versa;
 - b. If the Owner is a non-natural person then:
 - i. Either the Income Life must be the sole Annuitant and the Spouse must be the sole primary Beneficiary or vice versa;
5. Upon the death of the Owner, the Spouse must exercise his/her right to continue the Contract and no death benefit shall be paid.

Change of Income Life

The Income Life may change prior to the Guaranteed Lifetime Income Option Date if the Owner or Annuitant is changed in accordance with the Annuitant, Ownership and Assignment Provisions or the Death Benefit Provisions if the Beneficiary is the surviving spouse and elects to continue the Contract. The Income Life will not change after the Guaranteed Lifetime Income Option Date. **A change of the Income Life prior to the Guaranteed Lifetime Income Option Date will terminate the Enhanced Death Benefit except as described in the Enhanced Death Benefit Section of this Rider, and may terminate this rider.**

Benefit Termination

The Guaranteed Lifetime Income Benefit terminates on the date on which the earliest of the following events occurs:

1. The termination of the Contract to which this is attached;
2. Any day after the Guaranteed Lifetime Income Option Date that the GLAI is less than the Minimum Systematic Withdrawal Amount shown on the Contract Data Page;

-
3. The commencement of payments under an Annuity Option;
 4. Any date that the Owner is changed other than for the continuation of the Contract by a surviving spouse;
 5. The payment of a death benefit under this Contract; or
 6. The death following the Guaranteed Lifetime Income Option Date of the person on whose life the income depends:
 - a. For a Single Life Income Option, the death of the Income Life; or
 - b. For a Joint Life Income Option, the latest death of:
 - i. The Income Life; or
 - ii. The Spouse of the Income Life if the Spouse has continued the Guaranteed Lifetime Income Benefit following the death of the Income Life.

Once this benefit terminates, it may not be reinstated.

Misstatement of Age of Income Life or Spouse

We may require proof of age of the Income Life or the Spouse of the Income Life before making payment of any requested withdrawal. If the age of the Income Life or the Spouse has been misstated, the GLAI, Income Base, Enhanced Death Benefit if applicable, and Contract Value will be recalculated assuming the correct ages since the Issue Date.

Evidence of Survival of Income Life or Spouse

After the Guaranteed Lifetime Income Option Date, We may require satisfactory evidence of the continued survival of the Income Life. If the Spouse of the Income Life has continued the Guaranteed Lifetime Income Benefit following the death of the Income Life, We may require satisfactory evidence of the continued survival of the Spouse. We reserve the right to refuse payment of a Systematic Withdrawal or other requested withdrawal until satisfactory proof of continued survival is received.

Evidence of Marital Status of Income Life and Spouse

If a Joint Life Income Option is selected, We may require satisfactory evidence of the marital status of the Income Life and the Spouse of the Income Life as of the Guaranteed Lifetime Income Option Date and as of the date of death of the Income Life if the Spouse elects to continue the Guaranteed Lifetime Income Benefit. We reserve the right to refuse payment of a Systematic Withdrawal or other requested withdrawal until satisfactory proof of marital status is received.

CALCULATIONS – GUARANTEED LIFETIME INCOME BENEFIT

Guaranteed Lifetime Annual Income (GLAI)

The GLAI prior to the Guaranteed Lifetime Income Option Date is equal to \$0 (zero).

The GLAI on the Guaranteed Lifetime Income Option Date is equal to (A) multiplied by (B) where:

- (A) is the applicable Guaranteed Lifetime Income Benefit Factor as described below; and
- (B) is the greater of (i) the Income Base on the Guaranteed Lifetime Income Option Date described below, and (ii) the Contract Value on the Guaranteed Lifetime Income Option Date.

The GLAI on any day after the Guaranteed Lifetime Income Option Date in which no Excess Withdrawal Amount is deducted is equal to the GLAI from the previous day.

The GLAI on any day after the Guaranteed Lifetime Income Option Date in which an Excess Withdrawal Amount is withdrawn is equal to the GLAI from the previous day multiplied by (C) and divided by (D) where:

- (C) is the Contract Value after all withdrawals that day; and
- (D) is the Contract Value after all withdrawals that day, plus the Excess Withdrawal Amount that day as defined below.

Guaranteed Lifetime Income Benefit Factor

The Guaranteed Lifetime Income Benefit Factor will be determined on the Guaranteed Lifetime Income Option Date and will apply to this Contract without change until this Rider is terminated. An "Increased Temporary Annual Income Factor" may be used to determine annual withdrawals for a period of time, overriding the annual withdrawals determined using

the “Guaranteed Lifetime Income Benefit Factor” for that period of time, as described under the heading “Increased Temporary Annual Income” below.

The Guaranteed Lifetime Income Benefit Factor is based on the Income Option You select and the Income Option Age.

Income Base

The Income Base is calculated as follows:

1. On the Issue Date, the Income Base equals the Premium Paid plus any applicable Premium Bonus.
2. For each Contract Anniversary after the Issue Date, up to and including the earlier of the end of the Income Base Accumulation Period or the Guaranteed Lifetime Income Option Date, before any withdrawals made on such Contract Anniversary have been processed, the Income Base equals the Income Base from the previous day multiplied by 1 plus the Income Base Accumulation Rate. If there are withdrawals on such Contract Anniversary, the Income Base will be reduced, according to the procedure described below.
3. On the date of any withdrawal after the Issue Date, up to and including the Guaranteed Lifetime Income Option Date, the Income Base immediately after the withdrawal equals the Income Base immediately before the withdrawal multiplied by the Contract Value immediately after the withdrawal divided by the Contract Value immediately before the withdrawal.
4. On any other day after the Issue Date, up to and including the Guaranteed Lifetime Income Option Date, the Income Base equals the Income Base from the previous day.
5. On any day after the Guaranteed Lifetime Income Option Date in which no Excess Withdrawal Amount is withdrawn, the Income Base equals the Income Base from the previous day.
6. On any day after the Guaranteed Lifetime Income Option Date in which an Excess Withdrawal Amount is withdrawn, the Income Base is equal to the Income Base from the previous day multiplied by (A), and divided by (B), where
(A) is the Contract Value after all withdrawals that day; and
(B) is the Contract Value after all withdrawals that day, plus the Excess Withdrawal Amount that day as defined below.

Rider Charge

The Annual Rider Charge for any Contract Year shall be equal to the Guaranteed Lifetime Income Benefit Annual Charge Percentage multiplied by the Income Base at the beginning of the current Contract Year. The Rider Charge will be deducted beginning on the Issue Date. The Rider Charge will be deducted from the Contract Value by reducing each Strategy Value in the same proportion that each Strategy Value bears to the total Contract Value.

The Guaranteed Lifetime Income Benefit Annual Charge Percentage is specified on the Contract Data Page and is guaranteed not to change for the life of the Contract {,unless the option to extend the accumulation of the Income Base is elected, as described in the section **Optional Extension of Income Base Accumulation**, if present}.

Step-Up

On each Contract Anniversary following the Guaranteed Lifetime Income Option Date, the GLAI will be set equal to the greater of:

- the GLAI as of the previous day; or
- the Contract Value multiplied by the Guaranteed Lifetime Income Benefit Factor for the applicable Income Option and for the Income Option Age as determined on the Guaranteed Lifetime Income Option Date.

Increased Temporary Annual Income

The Increased Temporary Annual Income is equal to \$0 (zero) for any Contract Year, unless

- 1) The Guaranteed Lifetime Income Option Date occurs after the Increased Temporary Annual Income Waiting Period shown on the Contract Data Page, and
- 2) The Contract Value is greater than \$0 (zero) at the beginning of the Contract Year.

While both (1) and (2) above are true, the Increased Temporary Annual Income will be equal to the lesser of (3) and (4) where

-
- 3) is the Contract Value at the beginning of the Contract Year, and
4) is (A) multiplied by (B) where
(A) is the Increased Temporary Annual Income Factor; and
(B) is the Income Base at the beginning of the Contract Year.

Once the Contract Value is equal to \$0 (zero), the Increased Temporary Annual Income will be set equal to \$0 (zero).

Excess Withdrawal Amounts

On any day after the Guaranteed Lifetime Income Option Date, any portion of a withdrawal (Systematic Withdrawal or otherwise) is considered an "Excess Withdrawal Amount" if:

- On the day it is taken the cumulative withdrawals for the Contract Year exceed the greater of (i) the GLAI as of the previous day; and (ii) the Increased Temporary Annual Income as of the previous day.

On such a day, the Excess Withdrawal Amount is the lesser of:

- (A) the Withdrawal Amount taken on that day, and
- (B) the sum of all Withdrawal Amounts for the Contract Year taken through that day, minus the greater of (i) the GLAI as of the previous day; and (ii) the Increased Temporary Annual Income as of the previous day.

Any withdrawal that is taken to satisfy any Required Minimum Distribution requirement based on the Contract Value of this Contract pursuant to the Internal Revenue Code of 1986 and the regulations thereunder will be recognized as a withdrawal but not as an Excess Withdrawal Amount if the cumulative withdrawals for the Contract Year do not exceed the Required Minimum Distribution.

{CALCULATIONS – ENHANCED DEATH BENEFIT

Enhanced Death Benefit

The Beneficiary has the option of receiving, upon the first death of the Owner or Joint Owner if applicable, 1) the death benefit described in the Contract to which this Rider is attached, or 2) the Enhanced Death Benefit described here. If selected by the Beneficiary, the Enhanced Death Benefit, divided by 60, is paid in equal monthly installments over 60 months.

The Enhanced Death Benefit will terminate on the effective date of any Owner change, Annuitant change, Income Life change, or upon Assignment of the Contract, except if this Enhanced Death Benefit is payable to Owner's surviving spouse and the surviving spouse elects to continue the Contract. In this case, subject to the limitations of this Rider, the Enhanced Death Benefit will continue without payment on the death of the Owner, and will be determined as of the death of the surviving spouse, subject to the Enhanced Death Benefit Cap described below and the Enhanced Death Benefit Cap Percentage shown on the Contract Data Page.

The Enhanced Death Benefit is calculated as follows:

1. On any day up to and including the Guaranteed Lifetime Income Option Date, the Enhanced Death Benefit is equal to the lesser of
 - (A) the Income Base; and
 - (B) the Enhanced Death Benefit Cap determined below.
2. On any day after the Guaranteed Lifetime Income Option Date, the Enhanced Death Benefit is equal to (A) multiplied by (B) and divided by (C) below, but never greater than (D) below:
 - (A) Is the Enhanced Death Benefit from the previous day, less the greater of (i) the Unused Guaranteed Lifetime Annual Income (as defined below) from the previous day, and (ii) the Unused Increased Temporary Annual Income (defined below) from the previous day;
 - (B) Is the Contract Value after all withdrawals that day;
 - (C) Is the Contract Value after all withdrawals that day, plus the Excess Withdrawal Amount that day as defined above;
 - (D) Is the Enhanced Death Benefit Cap determined below.

The Enhanced Death Benefit Cap is calculated as follows:

1. On the Issue Date, the Enhanced Death Benefit Cap is equal to the Enhanced Death Benefit Cap Percentage stated on the Contract Data Page, multiplied by the Premium Paid.
2. On the date of any withdrawal after the Issue Date, up to and including the Guaranteed Lifetime Income Option Date, the Enhanced Death Benefit Cap immediately after the withdrawal equals the Enhanced Death Benefit Cap immediately before the withdrawal multiplied by the Contract Value immediately after the withdrawal divided by the Contract Value immediately before the withdrawal.
3. On any other day after the Issue Date, up to and including the Guaranteed Lifetime Income Option Date, the Enhanced Death Benefit Cap equals the Enhanced Death Benefit Cap from the previous day.
4. On any day after the Guaranteed Lifetime Income Option Date, the Enhanced Death Benefit is equal to (A) multiplied by (B) and divided by (C) below:
 - (A) Is the Enhanced Death Benefit Cap from the previous day, less the greater of (i) the Unused Guaranteed Lifetime Annual Income (as defined below) from the previous day, and (ii) the Unused Increased Temporary Annual Income (defined below) from the previous day;
 - (B) Is the Contract Value after all withdrawals that day;
 - (C) Is the Contract Value after all withdrawals that day, plus the Excess Withdrawal Amount that day as defined above.

Any death benefit will be paid in accordance with applicable law or regulations governing death benefit payments. In all events, this Rider and the associated Contract will be continued and administered in accordance with Section 72(s) of the Internal Revenue Code, as amended.

On any date up to and including the Guaranteed Lifetime Income Option Date, the Unused Guaranteed Lifetime Annual Income is \$0 (zero).

On any date after the Guaranteed Lifetime Income Option Date, the Unused Guaranteed Lifetime Annual Income is the greater of (a) and (b), where

- (a) Is the Guaranteed Lifetime Annual Income as of the previous day less the sum of all Withdrawal Amounts for the Contract Year through the previous day;
- (b) Is \$0 (zero).

On any date up to and including the Guaranteed Lifetime Income Option Date, the Unused Increased Temporary Annual Income is \$0 (zero).

On any date after the Guaranteed Lifetime Income Option Date, the Unused Increased Temporary Annual Income is the greater of (a) and (b), where

- (a) Is the Increased Temporary Annual Income as of the previous day less the sum of all Withdrawal Amounts for the Contract Year through the previous day;
- (b) Is \$0 (zero).

}

{

OPTIONAL EXTENSION OF INCOME BASE ACCUMULATION

If the Guaranteed Lifetime Income Option Date is not activated during the Income Base Accumulation Period, and neither the Income Life nor the Spouse of the Income Life has yet reached age 80, You may elect to extend the accumulation of the Income Base to the earlier of the end of Income Base Accumulation Extension Limit or the Guaranteed Lifetime Income Option Date. If you elect to extend the accumulation of the Income Base, then the Rider Charge may be re-determined, as described below under Additional Annual Charge.

Election Notification

If you elect to extend the accumulation of the Income Base, We must receive that notice in writing at our Annuity Service Center no earlier than 90 days prior to, and no later than 30 days prior to the end of the Income Base Accumulation Period. If We do not receive Your request to extend the accumulation of the Income Base during this period, the accumulation of the Income Base will end at the earlier of 1) the Income Base Accumulation Period stated on the Contract Data Page and 2) the Guaranteed Lifetime Income Option Date; and the offer to extend the accumulation of the Income Base will expire.

Additional Annual Charge

The annual Rider Charge for the Guaranteed Lifetime Income Benefit will continue after the Income Base Accumulation Period, whether or not the option to extend the accumulation of the Income Base is elected. If the option to extend the accumulation of the Income Base is elected We may increase the Guaranteed Lifetime Income Benefit Annual Charge Percentage above that shown on the Contract Data Page, by an Additional Guaranteed Lifetime Income Benefit Annual Charge Percentage of up to 1.00% per year. The additional charge will be effective on the 10th Contract Anniversary and will remain for the life of the Rider. If the option to extend the accumulation of the Income Base is not elected, the Guaranteed Lifetime Income Benefit Annual Charge Percentage will continue to be equal to value shown on the Contract Data Page.

Income Base after the Income Base Accumulation Period if Option to Extend Accumulation of the Income Base is Elected

The Income Base in this situation only is calculated as follows:

1. For each Contract Anniversary on and after the Contract Anniversary immediately following the end of the Income Base Accumulation Period, up to and including the earlier of the Income Base Accumulation Extension Limit or the Guaranteed Lifetime Income Option Date, before any withdrawals made on such Contract Anniversary have been processed, the Income Base equals the Income Base from the previous day multiplied by 1 plus the Income Base Accumulation Rate. If there are withdrawals on such Contract Anniversary, the Income Base will be reduced according to the procedure described below.
2. On the date of any withdrawal after the Issue Date, up to and including the Guaranteed Lifetime Income Option Date, the Income Base immediately after the withdrawal equals the Income Base immediately before the withdrawal multiplied by the Contract Value immediately after the withdrawal divided by the Contract Value immediately before the withdrawal.
3. On any other day after the Issue Date, up to and including the Guaranteed Lifetime Income Option Date, the Income Base equals the Income Base from the previous day.
4. On any day after the Guaranteed Lifetime Income Option Date in which no Excess Withdrawal Amount is deducted, the Income Base equals the Income Base from the previous day.
6. On any day after the Guaranteed Lifetime Income Option Date in which an Excess Withdrawal Amount is deducted, the Income Base is equal to the Income Base from the previous day multiplied by (A), and divided by (B), where
(A) is the Contract Value after all withdrawals that day; and
(B) is the Contract Value after all withdrawals that day, plus the Excess Withdrawal Amount that day as defined above.

PREMIUM BONUS RIDER

This Rider is added to and made a part of the Single Premium Deferred Annuity Contract or Certificate (hereafter "Contract") to which it is attached, and is subject to the provisions of the Contract. Terms used in this Rider shall have the same meanings as are set forth in the Contract to which this Rider is attached unless otherwise defined in this Rider. In case of a conflict between the terms of this Rider and the terms of the Contract, the terms of this Rider will control.

The Company will calculate a Premium Bonus on the Issue Date. The Premium Bonus is equal to the Premium Paid multiplied by the Premium Bonus Percentage. The Premium Bonus will be credited to the Strategies on the Issue Date based on the Allocation Percentages selected by the Owner.

RIDER CHARGES

There are no Rider Charges assessed for this Rider.

MARKET VALUE ADJUSTMENT ENDORSEMENT

This Market Value Adjustment Endorsement (hereafter "Endorsement") is made a part of the Contract or Certificate (hereafter "Contract") to which it is attached and is effective on the date the Contract is issued. Terms used in this Endorsement shall have the same meanings as are set forth in the Contract to which this Endorsement is attached unless otherwise defined in this Endorsement. In case of a conflict between the terms of this Endorsement and the terms of the Contract, the terms of this Endorsement will control.

There is no additional charge for this Endorsement.

This Endorsement adds a Market Value Adjustment provision to the Contract.

MARKET VALUE ADJUSTMENT PROVISION

Any amounts that are assessed a Withdrawal Charge will also be subject to a Market Value Adjustment (MVA). The MVA may be positive or negative. The MVA will not be applied to Death Benefit Proceeds or an Annuity Option unless a Withdrawal Charge is applied.

The Market Value Adjustment amount is the Market Value Adjustment Percentage multiplied by that portion of the Withdrawal Amount that is assessed a Withdrawal Charge.

The Market Value Adjustment Percentage equals A multiplied by (B minus C), multiplied by (N/12) where:

(A) = the Market Value Adjustment Percentage Factor shown on the Contract Data Page.

(B) = an effective annual interest rate equal to the Total Composite Yield-to-Worst of the Dow Jones Corporate Bond Index on the last business day before the withdrawal date.

(C) = an effective annual interest rate equal to the Total Composite Yield-to-Worst of the Dow Jones Corporate Bond Index on the last business day before the date the Contract was Issued.

N = number of complete months remaining in the Withdrawal Charge Period.

The Market Value Adjustment Percentage shall be determined so that a withdrawal of all Contract Value would not result in a decrease of the Contract Withdrawal Value below the Minimum Guaranteed Contract Withdrawal Value.

If the Market Value Adjustment Percentage results in an increase of the Contract Withdrawal Value, the percentage added may not exceed the maximum Market Value Adjustment Percentage that could have been deducted if the MVA had resulted in a decrease of the Contract Withdrawal Value, as limited in the preceding paragraph.

The Dow Jones Corporate Bond Index Composite Yield is published daily in the Wall Street Journal. The Yield-to-Worst Rate of the Total Composite Index is used in the above formula. If this Index is discontinued or if the calculation of the Index is substantially changed, We will substitute an alternative Index, as approved by the Insurance Department of the state in which this Contract is issued, and notify You in writing.

1-YEAR FIXED STRATEGY RIDER

This Rider is added to and made a part of the Single Premium Deferred Annuity Contract or Certificate (hereafter "Contract") to which it is attached, and is subject to the provisions of the Contract. Terms used in this Rider shall have the same meanings as are set forth in the Contract to which this Rider is attached unless otherwise defined in this Rider. In case of a conflict between the terms of this Rider and the terms of the Contract, the terms of this Rider will control.

Prior to the Strategy End Date for this Rider, the 1-Year Fixed Strategy Rider will be available for the amount of the Allocated Premium specified on the Contract Data Page or the Reallocation Amount determined by You as of the Reallocation Date.

DEFINITIONS

Strategy Anniversary – Any Contract Anniversary coinciding with the end of a Strategy Term for this Rider.

1-YEAR FIXED STRATEGY VALUE

The 1-Year Fixed Strategy Value is calculated as follows:

1. On the Issue Date, the 1-Year Fixed Strategy Value equals the Allocated Premium for this Strategy multiplied by 1 plus the Premium Bonus Percentage, if any, shown on the Contract Data Page.
2. On any day thereafter, the 1-Year Fixed Strategy Value equals:
 - (a) the 1-Year Fixed Strategy Value on the previous day; plus
 - (b) total Reallocations into this Strategy Value since the previous day; less
 - (c) total Reallocations out of this Strategy Value since the previous day; less
 - (d) any Withdrawal Amount attributable to this Strategy Value since the previous day; less
 - (e) any Rider Charges attributable to this Strategy Value since the previous day; less
 - (f) any applicable taxes attributable to this Strategy Value since the previous day; plus
 - (g) interest credited to this Strategy Value since the previous day.

Interest in the first Strategy Term is credited to the 1-Year Fixed Strategy Value at the Initial Annual Interest Rate shown on the Contract Data Page for the 1-Year Fixed Strategy. This interest rate is an effective annual rate that is guaranteed for the first Strategy Term. The Annual Interest Rate for the 1-Year Fixed Strategy for each future Strategy Term will be declared in advance by Us and is guaranteed for the length of the Strategy Term. The Annual Interest Rate will never be less than the Minimum Annual Interest Rate for this Strategy shown on the Contract Data Page.

The Withdrawal Amount, Rider Charges and applicable taxes attributable to this Strategy Value will be in the proportion that the Strategy Value for this Rider bears to the total Contract Value, as determined immediately prior to the withdrawal.

In case of a withdrawal, interest will be credited on the portion withdrawn up to the withdrawal date.

Reallocation to or from this Strategy is permitted only on a Strategy Anniversary as defined in this Rider, but not into any Strategy Term that could extend beyond the Strategy End Year for this Rider. At the conclusion of the Strategy End Year, this Rider will terminate. At that time, the 1-Year Fixed Strategy Rider Value also terminates and is automatically reallocated as described in the Contract.

RIDER CHARGES

There are no Rider Charges assessed for this Rider. There may be Rider Charges assessed for other Riders attached to the Contract, which Rider Charges would be included in the Calculations described above.

ANNUAL CAP WITH MONTHLY AVERAGING INDEXED STRATEGY RIDER

This Rider is added to and made a part of the Single Premium Deferred Annuity Contract or Certificate (hereafter "Contract") to which it is attached, and is subject to the provisions of that Contract. Terms used in this Rider shall have the same meanings as are set forth in the Contract to which this Rider is attached unless otherwise defined in this Rider. In case of a conflict between the terms of this Rider and the terms of the Contract, the terms of this Rider will control.

Prior to the Strategy End Date for this Rider, the Annual Cap with Monthly Averaging Indexed Strategy Rider will be available for the amount of the Allocated Premium specified on the Contract Data Page or the Reallocation Amount determined by You as of the Reallocation Date.

DEFINITIONS

Annual Index Cap means the upper limit on the Index Credit at the end of each Strategy Term. The Annual Index Cap is declared in advance of each Strategy Term and is guaranteed not to change for the length of the Strategy Term. The Annual Index Cap for the first Strategy Term is shown on the Contract Data Page as the Initial Annual Index Cap. It will never be less than the Minimum Guaranteed Annual Index Cap for this Strategy shown on the Contract Data Page.

Index - The Standard & Poor's 500 Index ("S&P 500 Index"). It is used to determine the Index Credit. If the S&P 500 Index is discontinued or if the calculation of the Index is substantially changed, We will substitute an alternative Index, as approved by the Insurance Department of the state in which this Contract is issued, and notify You in writing. "Standard & Poor's®," "S&P®," "S&P®," "Standard & Poor's 500," and "500" are trademarks of The McGraw-Hill Companies, Inc. and have been licensed for use by Forethought Life Insurance Company. The product is not sponsored, endorsed, sold or promoted by Standard & Poor's and Standard & Poor's makes no representation regarding the advisability of purchasing the product.

Index Average means the average of the Index Numbers for the twelve Monthly Anniversaries during each Strategy Term.

Index Date – The last day of the Strategy Term, on which Indexed interest is credited.

Index Number – The published value of the Index. It excludes any dividends that may be paid by the firms that comprise the Index. Index Numbers related to the Issue Date, any Reallocation Dates and any Monthly Anniversaries are as of the last preceding day. Index Numbers related to the Index Date are as of that date. If the Index Number is not published on any day for which an Index Number is required, the nearest preceding published Index Number will be used.

Monthly Anniversary means the same day of each month as the Issue Date. If the same day does not exist in a month, we use the last day of the month.

Strategy Anniversary – Any Contract Anniversary coinciding with the end of a Strategy Term for this Rider.

CALCULATIONS

Annual Index Growth is expressed as a percentage and is calculated as (A) divided by (B) minus 1, where:

- (A) is the Index Average; and
- (B) is the Index Number as of the start of the Strategy Term.

Index Credit is the effective interest rate credited to the Indexed Strategy Value, based on the Annual Index Cap and the performance of the applicable Index as measured over the Strategy Term. The Index Credit is calculated as lesser of (C) and (D) where:

- (C) is the Annual Index Growth
- (D) is the Annual Index Cap.

The Index Credit will never be less than 0%.

Indexed Strategy Value – The Indexed Strategy Value for the Annual Cap with Monthly Averaging Indexed Strategy Rider is calculated as follows:

1. On the Issue Date, this Indexed Strategy Value equals the Allocated Premium for this Strategy multiplied by 1 plus the Premium Bonus Percentage, if any, shown on the Contract Data Page.
2. On each Index Date this Indexed Strategy Value is the result of (A) plus (B) minus (C) minus (D) minus (E) minus (F), multiplied by (G) where:
 - (A) this Indexed Strategy Value on the last Index Date;
 - (B) Reallocations into this Indexed Strategy Value since the last Index Date;
 - (C) Reallocations out of this Indexed Strategy Value since the last Index Date;
 - (D) Withdrawal Amounts attributable to this Indexed Strategy Value since the last Index Date;
 - (E) Rider Charges attributable to this Indexed Strategy Value since the last Index Date;
 - (F) any applicable taxes attributable to this Indexed Strategy Value since the last Index Date and
 - (G) 1 plus the Index Credit rate.
3. On any other date this Indexed Strategy Value is the result of (A) plus (B) minus (C) minus (D) minus (E) minus (F), where:
 - (A) this Indexed Strategy Value on the last Index Date;
 - (B) Reallocations in to this Indexed Strategy Value since the last Index Date;
 - (C) Reallocations out of this Indexed Strategy Value since the last Index Date;
 - (D) Withdrawal Amounts attributable to this Indexed Strategy Value since the last Index Date;
 - (E) Rider Charges attributable to this Indexed Strategy Value since the last Index Date;
 - (F) any applicable taxes attributable to this Indexed Strategy Value since the last Index Date.

The Withdrawal Amount, Rider Charges and applicable taxes attributable to this Indexed Strategy Value will be in the proportion that the Strategy Value for this Rider bears to the total Contract Value, as determined immediately prior to the withdrawal.

Reallocation to or from this Strategy is permitted only on a Strategy Anniversary as defined in this Rider, but not into any Strategy Term that could extend beyond the Strategy End Year for this Rider. Prior to the Strategy End Date for this Rider, the Annual Spread with Monthly Averaging Indexed Strategy Rider will be available for the amount of the Allocated Premium specified on the Contract Data Page or the Reallocation Amount determined by You as of the Reallocation Date.

DEFINITIONS

Annual Index Spread means the amount subtracted from the result of Annual Index Growth in the calculation of the Index Credit at the end of each Strategy Term. The Annual Index Spread is declared in advance of each Strategy Term and is guaranteed not to change for the length of the Strategy Term. The Annual Index Spread for the first Strategy Term is shown on the Contract Data Page as the Initial Annual Index Spread. It will never be more than the Maximum Guaranteed Annual Index Spread for this Strategy shown on the Contract Data Page.

Index - The Standard & Poor's 500 Index ("S&P 500 Index"). It is used to determine the Index Credit. Index Credit is the effective interest rate credited to the Indexed Strategy Value, based on the Annual Index Spread and the performance of the applicable index as measured over the Strategy Term. The Index Credit is calculated as (C) minus (D) where:

- (C) is the Annual Index Growth
- (D) is the Annual Index Spread.

The Index Credit will never be less than 0%.

Indexed Strategy Value – The Indexed Strategy Value for the Annual Spread with Monthly Averaging Indexed Strategy Rider is calculated as follows:

1. On the Issue Date, this Indexed Strategy Value equals the Allocated Premium for this Strategy multiplied by 1 plus the Premium Bonus Percentage, if any, shown on the Contract Data Page.
2. On each Index Date this Indexed Strategy Value is the result of (A) plus (B) minus (C) minus (D) minus (E) minus (F), multiplied by (G) where:

 - (E) Rider Charges attributable to this Indexed Strategy Value since the last Index Date;
 - (F) any applicable taxes attributable to this Indexed Strategy Value since the last Index Date and
 - (G) 1 plus the Index Credit rate.
3. On any other date this Indexed Strategy Value is the result of (A) plus (B) minus (C) minus (D) minus (E) minus (F), where:
 - (A) this Indexed Strategy Value on the last Index Date;
 - (B) Reallocations in to this Indexed Strategy Value since the last Index Date;
 - (C) Reallocations out of this Indexed Strategy Value since the last Index Date;
 - (D) Withdrawal Amounts attributable to this Indexed Strategy Value since the last Index Date;
 - (E) Rider Charges attributable to this Indexed Strategy Value since the last Index Date;
 - (F) any applicable taxes attributable to this Indexed Strategy Value since the last Index Date.

The Withdrawal Amount, Rider Charges and applicable taxes attributable to this Indexed Strategy Value will be in the proportion that the Strategy Value for this Rider bears to the total Contract Value, as determined immediately prior to the withdrawal.

Reallocation to or from this Strategy is permitted only on a Strategy Anniversary as defined in this Rider, but not into any Strategy Term that could extend beyond the Strategy End Year for this Rider. This Rider is added to and made a part of the Single Premium Deferred Annuity Contract or Certificate (hereafter "Contract") to which it is attached, and is subject to the provisions of that Contract. Terms used in this Rider shall have the same meanings as are set forth in the Contract to which this Rider is attached unless otherwise defined in this Rider. In case of a conflict between the terms of this Rider and the terms of the Contract, the terms of this Rider will control.

Prior to the Strategy End Date for this Rider, the One Year Point-to-Point With Cap Indexed Strategy Rider will be available for the amount of the Allocated Premium specified on the Contract Data Page or the Reallocation Amount determined by You as of the Reallocation Date.

DEFINITIONS

Annual Index Cap - means the upper limit on the Index Credit at the end of each Strategy Term. The Annual Index Cap is declared in advance of each Strategy Term and is guaranteed not to change for the length of the Strategy Term. The Annual Index Cap for the first Strategy Term is shown on the Contract Data Page as the Initial Annual Index Cap. It will never be less than the Minimum Guaranteed Annual Index Cap for this Strategy shown on the Contract Data Page.

Index - The Standard & Poor's 500 Index ("S&P 500 Index"). It is used to determine the Index Credit. If the S&P 500 Index is discontinued or if the calculation of the Index is substantially changed, We will substitute an alternative Index, as approved by the Insurance Department of the state in which this Contract is issued, and notify You in writing. "Standard & Poor's®," "S&P®," "S&P®," "Standard & Poor's 500," and "500" are trademarks of The McGraw-Hill Companies, Inc. and have been licensed for use by Forethought Life Insurance Company. The product is not sponsored, endorsed, sold or promoted by Standard & Poor's and Standard & Poor's makes no representation regarding the advisability of purchasing the product.

Index Date - The last day of the Strategy Term, on which Indexed interest is credited.

Index Number - The published value of the Index. It excludes any dividends that may be paid by the firms that comprise the Index. Index Numbers related to the Issue Date and any Reallocation Dates are as of the last preceding day. Index Numbers related to the Index Date are as of that date. If the Index Number is not published on any day for which an Index Number is required, the nearest preceding published Index Number will be used.

Strategy Anniversary – Any Contract Anniversary coinciding with the end of a Strategy Term for this Rider.

CALCULATIONS

Annual Index Growth is expressed as a percentage and is calculated as (A) divided by (B) minus 1, where:

- (A) is the Index Number as of the Index Date; and
- (B) is the Index Number as of the start of the Strategy Term.

Index Credit is the effective interest rate credited to the Indexed Strategy Value, based on the Annual Index Cap and the performance of the applicable Index, as measured over the Strategy Term. The Index Credit is calculated as lesser of (C) and (D) where:

- (C) is the Annual Index Growth
- (D) is the Annual Index Cap.

The Index Credit will never be less than 0%.

Indexed Strategy Value - The Indexed Strategy Value for the One Year Point-to-Point With Cap Indexed Strategy Rider is calculated as follows:

1. On the Issue Date, this Indexed Strategy Value equals the Allocated Premium for this Strategy multiplied by 1 plus the Premium Bonus Percentage, if any, shown on the Contract Data Page.

-
2. On each Index Date this Indexed Strategy Value is the result of (A) plus (B) minus (C) minus (D) minus (E) minus (F), multiplied by (G) where:
- (A) this Indexed Strategy Value on the last Index Date;
 - (B) Reallocations into this Indexed Strategy Value since the last Index Date;
 - (C) Reallocations out of this Indexed Strategy Value since the last Index Date;
 - (D) Withdrawal Amounts attributable to this Indexed Strategy Value since the last Index Date;
 - (E) Rider Charges attributable to this Indexed Strategy Value since the last Index Date;
 - (F) any applicable taxes attributable to this Indexed Strategy Value since the last Index Date and
 - (G) 1 plus the Index Credit rate.
3. On any other date this Indexed Strategy Value is the result of (A) plus (B) minus (C) minus (D) minus (E) minus (F), where:
- (A) this Indexed Strategy Value on the last Index Date;
 - (B) Reallocations into this Indexed Strategy Value since the last Index Date;
 - (C) Reallocations out of this Indexed Strategy Value since the last Index Date;
 - (D) Withdrawal Amounts attributable to this Indexed Strategy Value since the last Index Date;
 - (E) Rider Charges attributable to this Indexed Strategy Value since the last Index Date;
 - (F) any applicable taxes attributable to this Indexed Strategy Value since the last Index Date.

The Withdrawal Amount, Rider Charges and applicable taxes attributable to this Indexed Strategy Value will be in the proportion that the Strategy Value for this Rider bears to the total Contract Value, as determined immediately prior to the withdrawal.

Reallocation to or from this Strategy is permitted only on a Strategy Anniversary as defined in this Rider, but not into any Strategy Term that could extend beyond the Strategy End Year for this Rider. At the conclusion of the Strategy End Year, this Rider will terminate. At that time, the One Year Point-to-Point with Cap Indexed Strategy Rider Value also terminates and is automatically reallocated as described in the Contract.

RIDER CHARGES

There are no Rider Charges assessed for this Rider. There may be Rider Charges assessed for other Riders attached to the Contract, which Rider Charges would be included in the Calculations described above.

Index Date – The last day of the Strategy Term, on which Indexed interest is credited.

Index Number – The published value of the Index. It excludes any dividends that may be paid by the firms that comprise the Index. Index Numbers related to the Issue Date, any Reallocation Dates and any Monthly Anniversaries are as of the last preceding day. Index Numbers related to the Index Date are as of that date. If the Index Number is not published on any day for which an Index Number is required, the nearest preceding published Index Number will be used.

Monthly Anniversary means the same day of each month as the Issue Date. If the same day does not exist in a month, we use the last day of the month.

Strategy Anniversary – Any Contract Anniversary coinciding with the end of a Strategy Term for this Rider.

CALCULATIONS

Capped Monthly Index Growth value is expressed as a percentage and calculated as the lesser of the Monthly Index Cap or (A) divided by (B) minus 1, where:

- (A) is the Index Number as of the Monthly Anniversary; and
- (B) is the Index Number as of the prior Monthly Anniversary.

Index Credit is the effective interest rate credited to the Indexed Strategy Value, based on the Capped Monthly Index Growth values and the performance of the applicable Index as measured over the Strategy Term.

The Index Credit is calculated as the sum of all Capped Monthly Index Growth values over the Strategy Term.

The Index Credit will never be less than 0%.

Indexed Strategy Value – The Indexed Strategy Value for the One Year Monthly Point-to-Point With Cap Indexed Strategy Rider is calculated as follows:

1. On the Issue Date, this Indexed Strategy Value equals the Allocated Premium for this Strategy multiplied by 1 plus the Premium Bonus Percentage, if any, shown on the Contract Data Page.
2. On each Index Date this Indexed Strategy Value is the result of (A) plus (B) minus (C) minus (D) minus (E) minus (F), multiplied by (G) where:
 - (A) this Indexed Strategy Value on the last Index Date;
 - (B) Reallocations into this Indexed Strategy Value since the last Index Date;
 - (C) Reallocations out of this Indexed Strategy Value since the last Index Date;
 - (D) Withdrawal Amounts attributable to this Indexed Strategy Value since the last Index Date;
 - (E) Rider Charges attributable to this Indexed Strategy Value since the last Index Date;
 - (F) any applicable taxes attributable to this Indexed Strategy Value since the last Index Date and
 - (G) 1 plus the Index Credit rate.
3. On any other date this Indexed Strategy Value is the result of (A) plus (B) minus (C) minus (D) minus (E) minus (F), where:
 - (A) this Indexed Strategy Value on the last Index Date;
 - (B) Reallocations in to this Indexed Strategy Value since the last Index Date;
 - (C) Reallocations out of this Indexed Strategy Value since the last Index Date;
 - (D) Withdrawal Amounts attributable to this Indexed Strategy Value since the last Index Date;
 - (E) Rider Charges attributable to this Indexed Strategy Value since the last Index Date;
 - (F) any applicable taxes attributable to this Indexed Strategy Value since the last Index Date.

The Withdrawal Amount, Rider Charges and applicable taxes attributable to this Indexed Strategy Value will be in the proportion that the Strategy Value for this Rider bears to the total Contract Value, as determined immediately prior to the withdrawal.

**FORETHOUGHT {ALLEGIANCE REWARD SERIES} INDEXED ANNUITIESSM
{ACCELERATOR BONUS}
DISCLOSURE STATEMENT
SINGLE PREMIUM DEFERRED ANNUITY CONTRACT
CONTAINS FIXED AND INDEXED STRATEGIES**

Thank you for applying for a Forethought Life Single Premium Deferred Annuity Contract series FA1201SPDA-01 (may be referred to as Certificate series GA1201SPDA-01 in some states). This is a summary of the features and benefits of your annuity provisions, but it is not part of your Contract. Please read the following information carefully, sign, and return the original Disclosure Statement.

Annuity Contract: The Single Premium Deferred Annuity Contract with fixed and indexed interest strategies is issued by Forethought Life Insurance Company. This Contract is intended for retirement funding or other long-term accumulation needs. Substantial Contract-imposed penalties may apply to full and partial withdrawals in the first 10 years. Under current Federal tax law, interest credited is not taxed and income taxes are not due until monies are withdrawn. In addition to regular income tax, interest withdrawn prior to age 59½ may be subject to a 10% Federal penalty tax. Contract withdrawals are treated as coming from interest first. Amounts received as Annuity Payments under an Annuity Option generally are partly included in taxable income and partly excluded as a return of Premium paid for the Contract.

There is no additional tax-deferral benefit for annuities purchased in an IRA, Roth IRA or other tax qualified plan, since these are already tax-deferred. Placing an annuity in an IRA, Roth IRA or other tax qualified plan will receive no additional tax advantage from the annuity. Therefore, in considering whether or not to purchase such an annuity, only consider the annuity's other features, including the availability of lifetime payments and guaranteed minimum contract values.

Premium {and Premium Bonus}: Your premium is credited to your Contract on the issue date. (Contract Years are one-year periods beginning on each Contract Anniversary. The first Contract Year begins on the issue date.) {A Premium Bonus will be credited with your Premium. Some or all of this Premium Bonus may be forfeited if funds are withdrawn prior to the end of the Withdrawal Charge Period.

}

Accumulation Value: Your accumulation value, or Contract Value, equals the sum of the Strategy Values. There are no annual administrative fees, front-end sales charges or loads. There may be rider charges associated with any riders attached to your Contract. Some states charge a premium tax. At our discretion, premium taxes may be deducted from your Contract Value if we are required to pay them.

Choice of Fixed Strategy(ies) and Indexed Strategy(ies): The Forethought Life Single Premium Deferred Annuity Contract provides a choice of fixed interest and indexed interest strategies. You specify how to allocate the premium between the strategies you select.

Each available strategy has company-declared factors used in calculating interest earnings for that strategy. These company-declared factors are set in advance and are guaranteed not to change during the Strategy Term. On each Contract Anniversary, you will be sent a report with information about your Contract Value.

We may cease to offer a specific Strategy on a future Contract Anniversary. We may offer additional strategies on a future Contract Anniversary, subject to the approval of the Insurance Department of the state in which this Contract was issued.

Fixed Strategy(ies): This Contract provides one or more Fixed Strategies. Daily interest, declared by us, is credited to each Fixed Strategy Value at a rate guaranteed not to change during the Strategy Term for that Strategy, but may change for future Strategy Terms. The minimum guaranteed annual interest rate for each of these accounts is {1.00}% per annum.

Indexed Strategy(ies): Not all Strategies may be available.

{Annual Cap with Monthly Averaging}

This index method credits interest at the end of each one year Strategy Term based on the average monthly percentage change in the S&P 500 Index since the beginning of the Strategy Term, but not to exceed a percentage change (called the Annual Index Cap). The Annual Index Cap is declared in advance and is guaranteed not to change during the Strategy Term, but may change for future Strategy Terms. The guaranteed minimum Annual Index Cap is {2.00}% for this strategy.}

{Annual Spread with Monthly Averaging}

This index method credits interest at the end of each one year Strategy Term based on the average monthly percentage change in the S&P 500 Index since the beginning of the Strategy Term, reduced by a Spread percentage (called the Annual Index Spread). The Annual Index Spread is declared in advance and is guaranteed not to change during the Strategy Term, but may change for future Strategy Terms. The guaranteed maximum Annual Index Spread is {15}% for this strategy.}

{One Year Point-to-Point with Cap}

This index method credits interest at the end of each one year Strategy Term based on the percentage change in the S&P 500 Index since the beginning of the Strategy Term, but not to exceed a percentage change (called the Annual Index Cap). The Annual Index Cap is declared in advance and is guaranteed not to change during the Strategy Term, but may change for future Strategy Terms. The guaranteed minimum Annual Index Cap is {2.00}% for this strategy.}

{One Year Monthly Point-to-Point with Cap}

This index method credits interest at the end of each one year Strategy Term. The rate of interest is the sum of the percentage changes in the S&P 500 Index in each of the 12 monthly periods during the 1 Year Strategy Term. Each monthly percentage change included in this sum is limited to a maximum amount called a Monthly Index Cap. The Monthly Index Cap is declared in advance and is guaranteed not to change during the Strategy Term, but may change for future Strategy Terms. The minimum guaranteed Monthly Index Cap is {0.50}%.

{Two Year Monthly Point-to-Point with Cap}

This index method credits interest at the end of each two year Strategy Term. The rate of interest is the sum of the percentage changes in the S&P 500 Index in each of the 24 monthly periods during the 2 Year Strategy Term. Each monthly percentage change included in this sum is limited to a maximum amount called a Monthly Index Cap. The Monthly Index Cap is declared in advance and is guaranteed not to change during the Strategy Term, but may change for future Strategy Terms. The minimum guaranteed Monthly Index Cap is {0.50}%.

Allocation of Premium: The Forethought Life Single Premium Deferred Annuity Contract provides a choice of how you allocate your premiums among the available fixed interest and indexed interest strategies. You choose your initial premium allocation percentages at issue.

Reallocation of Contract Value: You may reallocate your Contract Value among the available Fixed and Indexed Strategies at the end of each Strategy Term, for each available subsequent Strategy Term.

Access to Contract Value: Withdrawal provisions give you access to your Contract Value. Withdrawals in the first 10 Contract Years are subject to Withdrawal Charges and any applicable Market Value Adjustment. The first Contract Year begins on the issue date. After the first Contract Year, you may make cumulative withdrawals each Contract Year of up to 10% of the Contract Value at the beginning of the Contract Year without incurring Withdrawal Charges or Market Value Adjustments (such withdrawal is referred to here as a “surrender-charge-free withdrawal”). In the event a Contract’s entire Contract Value is withdrawn in a Contract Year where a surrender-charge-free withdrawal is made, the Withdrawal Charge and any applicable Market Value Adjustment will also be retroactively applied to any such surrender-charge-free withdrawal.

If you withdraw less than the available free withdrawal amount in any Contract Year, your available free withdrawal amount in future Contract Years will not be increased.

Withdrawals are made from each strategy in the proportion that each strategy bears to the total Contract Value.

Contract Withdrawal Value: If you surrender your Contract you will receive the Contract Withdrawal Value. The Contract Withdrawal Value is the greater of:

- the Contract Value less Withdrawal Charges and any applicable Market Value Adjustment; and
- the Minimum Guaranteed Contract Withdrawal Value defined in the Contract.

Withdrawal Charge:

Withdrawal Charges may be assessed on Contract Value withdrawals that exceed the Free Withdrawal Amount. Withdrawal Charges are not assessed against death benefit proceeds paid on account of the death of the Owner. Withdrawal Charges are also not assessed against any amounts applied to an Annuity Option that begins at least five (5) years after the Issue Date and that makes annuity payments for at least sixty (60) months.

The Withdrawal Charge includes assessments based on both the Withdrawal Charge Percentage and the Premium Bonus Recapture Charge Percentage, if applicable.

The Withdrawal Charge is equal to the

- (1) Withdrawal Charge On Accumulated Premium; plus
- (2) Withdrawal Charge On Accumulated Premium Bonus.

Where:

- Withdrawal Charge On Accumulated Premium = (Accumulated Premium Withdrawn) X WC%
- Withdrawal Charge On Accumulated Premium Bonus = (Accumulated Premium Bonus Withdrawn) X PBR%
- Accumulated Premium Withdrawn =
[(Withdrawal Amount) –
(Free Withdrawal Amount available and remaining in the Contract Year)]
/ (1 + PB%)
- Accumulated Premium Bonus Withdrawn =
(Accumulated Premium Withdrawn) X PB%
- PB% = Premium Bonus Percentage shown on the Contract Data Page, if applicable. If there is no Premium Bonus, then this is equal to 0%.
- WC% = the applicable Withdrawal Charge Percentage from the following table.

Contract Year	1	2	3	4	5	6	7	8	9	10	11 & Later
Withdrawal Charge %	10%	10%	9%	9%	8%	7%	6%	5%	4%	2%	0%

- PBR% = the applicable Premium Bonus Recapture Charge Percentage from the following table.

Premium Bonus Recapture Charge % by Contract Year	1	2	3	4	5	6	7	8	9	10	11 & Later
Issue Ages 0-75	100%	100%	100%	100%	100%	100%	80%	60%	40%	20%	0%
Issue Ages 76+	90%	80%	80%	70%	70%	70%	70%	60%	40%	20%	0%

Market Value Adjustment:

{Any amounts that are assessed a Withdrawal Charge will also be subject to a Market Value Adjustment, which may increase or decrease the remaining Contract Value (or the funds you receive). Market Value Adjustments will not be applied to any Death Benefits paid due to the death of the Owner. Within limits, Market Value Adjustments generally: 1) increase the remaining Contract Value (or the funds you receive) when interest rates fall and 2) decrease the remaining Contract Value (or the funds you receive) when interest rates rise, compared to market interest rates when the contract was purchased. }

{Not applicable.}

{

Guaranteed Lifetime Income Benefit:

This benefit may be added to your Contract by a rider, as listed on the Contract Data Page. The Guaranteed Lifetime Income Benefit gives you the right to make Systematic Withdrawals from the Contract up to the amount of the Guaranteed Lifetime Annual Income (GLAI) each year beginning on the Guaranteed Lifetime Income Option Date (Option Date) and lasting as long as you live – even after the Contract Value has been exhausted (assuming annual withdrawals do not exceed the GLAI). The Option Date is a date you choose; it does, however, have to be after the Guaranteed Lifetime Income Benefit Waiting Period stated on the Contract Data Page. You can change the amount or frequency of your Systematic Withdrawals once per Contract Year.

There may be a monthly charge for this benefit.

Guaranteed Lifetime Annual Income

The amount of the GLAI on the Option Date is equal to the Guaranteed Lifetime Income Benefit Factor multiplied by the Income Base (described below). The Guaranteed Lifetime Income Benefit Factor depends on 1) the Single or Joint Life income status you choose on the Option Date, and 2) Your attained age on the Option Date.

The GLAI does not change after the Option Date other than as a result of the Step-Up and Excess Withdrawal provisions. There may be an Increased Temporary Annual Income available for a period of time, as described below.

The Single Life Income Options allow annual Systematic Withdrawal of the GLAI during your lifetime. Joint Life Income Options allow your spouse to continue Systematic Withdrawal of the GLAI following your death and for the remainder of your spouse's life. To take advantage of this option your eligible spouse must be named on the Option Date and your spouse must exercise her/his right to continue the Contract following your death.

Increased Temporary Annual Income

An Increased Temporary Annual Income (ITAI) is greater than \$0 (zero) only under certain conditions. This is an alternative higher annual income available only when both of the following are true: 1) the Option Date occurs after the {10th} Contract Year, and 2) the Contract Value is greater than zero.

The ITAI is equal to \$0 until the {10th} Contract Anniversary, at which time it is equal to the lesser of 1) {8}% of your Income Base at the beginning of the Contract Year, and 2) Your Contract Value at the beginning of the Contract Year. The ITAI reduces to \$0 at the time your Contract Value is exhausted. Once your Contract Value is exhausted, your income will reduce to the GLAI amount determined using the Guaranteed Lifetime Income Benefit Factor based on the attained age of the youngest Income Life on the Option Date.

Excess Withdrawals

Excess Withdrawals can affect future withdrawals available under the Guaranteed Lifetime Income Benefit. Withdrawals in excess of the greater of the GLAI and the ITAI (if applicable) during a Contract Year are "Excess Withdrawals" and will cause a reduction in the GLAI and ITAI available for future years and could result in termination of the Guaranteed Lifetime Income Benefit and your Contract. If Excess Withdrawals result in your GLAI falling below {\$100} and your Contract Value dropping below {\$5,000}, we will treat this as a termination of the Contract and send you the remaining Contract Withdrawal Value.

Please give careful consideration to any Excess Withdrawals after the Option Date.

Income Base

The Income Base is the amount upon which your GLAI and ITAI (if applicable) are based. On the Issue Date of the Contract the Income Base is equal to the premium you paid plus any applicable premium bonus.

After that, and until the earlier of the Option Date and the {10th} Contract Anniversary, the Income Base accumulates at {6}% interest on each Contract Anniversary. There is no increase in the Income Base between Contract Anniversaries. The Income Base will not increase after the {10th} year { unless you elect the Optional Extension of Income Base Accumulation. If you elect the Optional Extension of the Income Base Accumulation, the Income Base will grow for another {10} years, or until the Option Date if earlier. This election is not made until the {10th} year and there will be an additional charge for this Extension which will be determined at that time} .

The Income Base can only be accessed through Systematic Withdrawals and will not be available for a lump sum withdrawal. Only the Contract Withdrawal Value is available as a lump sum payment.

Termination of the Guaranteed Lifetime Income Benefit

The Guaranteed Lifetime Income Benefit will terminate:

- If the Contract is terminated;
- If a death benefit is paid;
- If you elect to begin payments under an Annuity Option;
- Upon the death following the Option Date of the person on whose life the benefit depends;
- On any date that the Owner is changed other than for spousal continuation of the Contract by a surviving spouse; or
- If Excess Withdrawals reduce the GLAI below the minimum of {\$100}.

}

Annuity Options: Your Contract provides the following Annuity Options. Other Annuity Options may be available on your Annuity Date.

Life Annuity – Annuity payments continuing for the lifetime of the Annuitant, and terminating with the last payment prior to the Annuitant's death.

Life Annuity with 10 Years of Annuity Payments Guaranteed – Annuity payments continuing for the lifetime of the Annuitant, terminating at the later of the last payment prior to the Annuitant's death or for 120 months.

Life Annuity with 20 Years of Annuity Payments Guaranteed – Annuity payments continuing for the lifetime of the Annuitant, terminating at the later of the last payment prior to the Annuitant's death or for 240 months.

Joint and Last Survivor Annuity – Annuity payments continuing for the joint lifetimes of the Annuitant and the Joint Annuitant, terminating with the last payment prior to the last survivor's death.

Joint and Last Survivor Annuity with 10 Years of Annuity Payments Guaranteed – Annuity payments continuing for the joint lifetimes of the Annuitant and the Joint Annuitant, terminating at the later of the last payment prior to the last survivor's death or for 120 months.

Guaranteed Payment Period – Annuity payments continuing for a guaranteed period of from 5 to 30 years. The payments do not depend on the Annuitant's life.

Alternative Life Annuity Option – Annual annuity payments equal to the Guaranteed Lifetime Annual Income continuing for your lifetime, and terminating with the last payment prior to your death. This option is only available if the Annuity Date occurs on the Maturity Date at your attained age 100.

Death Benefit: If an Owner dies during the Accumulation Period, your Beneficiary(ies) will be paid a death benefit. The death benefit will be the Contract Value as of the date We receive proof of death and election of payment method. At that time and until distributed, the death benefit will receive interest at a

rate required by the state in which the Contract is issued. Alternatively, if the Contract is continued by a surviving spouse, the Contract Value may remain in the currently selected strategies for the remainder of the Strategy Term.

{Enhanced Death Benefit: The Enhanced Death Benefit prior to the Option Date is the lesser of 1) the Income Base and 2) a cap based on the following percentage of premium, depending on the issue age of Owner. The Enhanced Death Benefit Cap based on this percentage is reduced for each withdrawal in the same proportion that the Contract Value is reduced, except for annual withdrawals after the Option Date that are less than or equal to the greater of the GLAI and the ITAI, which then reduce the cap on a dollar for dollar basis.

Issue Ages:	(0-64)	(65-80)
Enhanced Death Benefit Cap Percentage:	(300%)	(200%)

After the Option Date, the Enhanced Death Benefit is reduced by any available remaining GLAI or ITAI payments for that Contract Year on a dollar for dollar basis. It is further reduced for any Excess Withdrawal Amounts paid in that Contract Year on a proportional basis according to the reduction in the Contract Value.

}

Other Riders: You may have elected to attach an available rider to your Contract. The following is a brief description of other riders that may be available.

{Nursing Home Waiver Rider: This rider waives the Withdrawal Charge on any withdrawal of Contract Value after we receive proof that you have been confined to an Approved Nursing Facility on or after the first Contract Anniversary and continuing for at least 60 consecutive days. There is no rider charge for this rider and it is attached to your Contract automatically if approved in the state in which this Contract is issued.}

{Terminal Illness Waiver Rider: This rider waives the Withdrawal Charge on any withdrawal of Contract Value after the first Contract Anniversary and after we receive proof that you suffer from a Terminal Illness which will result in death within 12 months. There is no rider charge for this rider and it is attached to your Contract automatically if approved in the state in which this Contract is issued.}

{None.}

Summary: Forethought Life Insurance Company of Batesville, Indiana issues the Forethought {Allegiance Reward Series}. This Single Premium Deferred Annuity may not be available in all states (may be referred to as an "equity indexed annuity" in certain states). The Contract may be subject to Withdrawal Charges.

This Single Premium Deferred Annuity is not a registered security or stock market investment and does not directly participate in any stock or equity investment.

This Disclosure Statement contains a summary description of this Single Premium Deferred Annuity. State variations may apply. The exact terms of the annuity are contained in the Contract and any attached riders or endorsements, which will control Forethought Life's contractual obligations.

The Standard & Poor's 500 Index ("S&P 500 Index") is used to determine the Index Credit. If the S&P 500 Index is discontinued or if the calculation of the Index is substantially changed, an alternative Index will be substituted, as approved by the Insurance Department of the state in which this Contract is issued. You will be notified in writing if this happens. INDIVIDUAL RETIREMENT ANNUITY RIDER

General

This Rider is made part of the Contract or Certificate (hereafter "Contract") to which it is attached and is effective on the date the Contract is issued. The Contract as amended by this Rider is intended to qualify as an individual retirement annuity under Section 408(b) of the Internal Revenue Code of 1986, as amended (the "Code"). Where the provisions of this Rider are inconsistent with the provisions of the Contract or any Rider of this Contract, the provisions of this Rider will control.

Applicable Provisions

1. Owner

You shall be the Owner and the Annuitant. Any provision of the Contract allowing joint ownership is deleted.

2. Restrictions On Transferability, Exclusive Benefit, Nonforfeitability

- (a) The Contract may not be transferred or assigned (except pursuant to a divorce decree in accordance with applicable law) or pledged as collateral for a loan or any other purposes.
- (b) The Contract is established for the exclusive benefit of the Owner and the Owner's Beneficiaries.
- (c) The entire interest of the Owner in the Contract is nonforfeitable.

3. Limitations on Contributions

- (a) Only a rollover contribution (as permitted by Code Sections 402(c), (402(e)(6), 403(a)(4), 403(b)(8), 403(b)(10), 408(d)(3) and 457(e)(16)) will be accepted as the Premium payment for the Contract.
- (b) No contributions will be accepted under a SIMPLE IRA plan established by any employer pursuant to Code Section 408(p). Also, no transfer or rollover of funds attributable to contributions made by a particular employer under its SIMPLE IRA plan will be accepted from a SIMPLE IRA, that is, an IRA used in conjunction with a SIMPLE IRA plan, prior to the expiration of the 2-year period beginning on the date the Owner first participated in that employer's SIMPLE IRA plan.
- (c) This Contract does not require fixed premium payments. No additional premiums, after the initial Premium, are required to keep this Contract in force.

4. Distributions of Owner's Interest

- (a) Notwithstanding any provision of this IRA to the contrary, the distribution of the Owner's interest in the IRA shall be made in accordance with the requirements of Code Section 408(b)(3) and the regulations thereunder, the provisions of which are herein incorporated by reference. If distributions are not made in the form of an annuity on an irrevocable basis (except for acceleration), then distribution of the interest in the IRA (as determined under paragraph 5(c)) must satisfy the requirements of Code Section 408(a)(6) and the regulations thereunder, rather than paragraphs (b), (c) and (d) below and paragraph 5.

- (b) The entire interest of the Owner will commence to be distributed no later than the first day of April following the calendar year in which the Owner attains age 70 ½ (the “required beginning date”) over (a) the life of the Owner or the lives of the Owner and his or her designated Beneficiary or (b) a period certain not extending beyond the life expectancy of the Owner or the joint and last survivor expectancy of the Owner and his or her designated Beneficiary. Payments must be made in periodic payments at intervals of no longer than 1 year and must be either non-increasing or they may increase only as provided in Q&As-1 and -4 of Section 1.401(a)(9)-6T of the Temporary Income Tax Regulations. In addition, any distribution must satisfy the incidental benefit requirements specified in Q&A-2 of Section 1.401(a)(9)-6T.
- (c) The distribution periods described in paragraph (b) above cannot exceed the periods specified in Section 1.401(a)(9)-6T of the Temporary Income Tax Regulations.
- (d) The first required payment can be made as late as April 1 of the year following the year the Owner attains age 70 ½ and must be the payment that is required for one payment interval. The second payment need not be made until the end of the next payment interval.

5. Distributions Upon Owner's Death

- (a) **Death On or After Required Distributions Commence.** If the Owner dies on or after the date required distributions commence, the remaining portion of his or her interest will continue to be distributed under the contract payment option chosen.
- (b) **Death Before Required Distributions Commence.** If the Owner dies before required distributions commence, his or her entire interest will be distributed at least as rapidly as follows:
 - (i) If the designated Beneficiary is someone other than the Owner's surviving spouse, the entire interest will be distributed, starting by the end of the calendar year following the calendar year of the Owner's death, over the remaining life expectancy of the designated Beneficiary, with such life expectancy determined using the age of the Beneficiary as of his or her birthday in the year following the year of the Owner's death, or, if elected, in accordance with subparagraph (b)(iii) below.
 - (ii) If the Owner's sole designated Beneficiary is the Owner's surviving spouse, the entire interest will be distributed, starting by the end of the calendar year following the calendar year of the Owner's death (or by the end of the calendar year in which the individual would have attained age 70 ½, if later), over such spouse's life, or, if elected, in accordance with subparagraph (b)(iii) below. If the surviving spouse dies before required distributions commence to him or her, the remaining interest will be distributed, starting by the end of the calendar year following the calendar year of the spouse's death, over the spouse's designated Beneficiary's remaining life expectancy determined using such Beneficiary's age as of his or her birthday in the year following the death of the spouse, or, if elected, will be distributed in accordance with subparagraph (b)(iii) below. If the surviving spouse dies after required distributions commence to him or her, any remaining interest will continue to be distributed under the payment option chosen.
 - (iii) If there is no designated Beneficiary, or if applicable by operation of subparagraph (b)(i) or (b)(ii) above, the entire interest will be distributed by the end of the calendar year containing the fifth anniversary of the Owner's death (or of the spouse's death in the case of the surviving spouse's death before distributions are required to begin under subparagraph (b)(ii) above).

- (iv) Life expectancy is determined using the Single Life Table in Q&A-1 of Section 1.401(a)(9)-9 of the Income Tax Regulations. If distributions are being made to a surviving spouse as the sole designated Beneficiary, such spouse's remaining life expectancy for a year is the number in the Single Life Table corresponding to such spouse's age in the year. In all other cases, remaining life expectancy for a year is the number in the Single Life Table corresponding to the Beneficiary's age in the year specified in subparagraph (b)(i) or (ii) and reduced by 1 for each subsequent year.
- (c) The "interest" in the IRA includes the amount of any outstanding rollover, transfer and recharacterization under Q&As-7 and -8 of Section 1.408-8 of the Income Tax Regulations and the actuarial value of any other benefits provided under the IRA, such as guaranteed death benefits.
- (d) For purposes of paragraphs (a) and (b) above, required distributions are considered to commence on the Owner's required beginning date or, if applicable, on the date distributions are required to begin to the surviving spouse under subparagraph (b)(ii) above. However, if distributions start prior to the applicable date in the preceding sentence, on an irrevocable basis (except for acceleration) under an annuity contract meeting the requirements of Section 1.401(a)(9)-6T of the Temporary Income Tax Regulations, then required distributions are considered to commence on the annuity starting date.
- (e) If the sole designated Beneficiary is the Owner's surviving spouse, the spouse may elect to treat the IRA as his or her own IRA. This election will be deemed to have been made if such surviving spouse makes a contribution to the IRA or fails to take required distributions as a Beneficiary.

6. Multiple IRAs

The Owner may satisfy the minimum distribution requirements under Section 408(b)(3) of the Code by receiving a distribution from one IRA that is equal to the amount required to satisfy the minimum distribution requirement for two or more IRAs. For this purpose, if you own two or more IRAs, you may use the alternative method described in Section 1.408-8 of the Income Tax Regulations, to satisfy the minimum distribution requirements.

7. Compliance

- (a) The Owner has the sole responsibility for determining whether any purchase payment meets applicable income tax rules.
- (b) The Owner or Beneficiary shall be solely responsible for requesting a distribution which complies with this Rider and applicable law.

8. Annual Reports

The Company shall furnish annual calendar year reports concerning the status of the annuity and such information concerning required minimum distributions as is prescribed by the Commissioner of Internal Revenue.

9. Amendments

We reserve the right to amend this Contract or Rider to the extent necessary to qualify as an individual retirement annuity for federal income tax purposes.

10. Meaning of Terms

All of the terms used in this Rider have the same meaning as in the Contract unless otherwise clearly indicated in this Rider. This Rider is subject to all the exclusions, definitions and provisions of the Contract which are not inconsistent with the terms of this Rider.

The effective date of this rider is the Issue Date.

ROTH INDIVIDUAL RETIREMENT ANNUITY RIDER

General

This Rider is made part of the Contract or Certificate (hereafter "Contract") to which it is attached and is effective on the date the Contract is issued. The Contract as amended by this Rider is intended to qualify as a Roth individual retirement annuity under Section 408A of the Internal Revenue Code of 1986, as amended (the "Code"). Where the provisions of this rider are inconsistent with the provisions of the Contract or any rider of the Contract, the provisions of this Rider will control.

Applicable Provisions

The following provisions apply and replace any contrary provisions of the Contract:

1. Owner

You shall be the Owner. Any provision of the Contract that would allow joint ownership is deleted.

2. Restrictions On Transferability, Exclusive Benefit, Nonforfeatability

- (a) The Contract may not be transferred or assigned (except pursuant to a divorce decree in accordance with applicable law) or pledged as collateral for a loan or for any other purpose.
- (b) The Contract is established for the exclusive benefit of the Owner or the Owner's Beneficiaries.
- (c) The entire interest of the Owner in the Contract is nonforfeitable.

3. Limitations On Contributions

- (a) Maximum Permissible Amount. Only a qualified rollover contribution will be accepted as the Premium payment for the Contract. A "qualified rollover contribution" is a rollover contribution that meets the requirements of Section 408(d)(3) of the Internal Revenue Code, except the one-rollover-per-year rule of Section 408(d)(3)(B) does not apply if the rollover contribution is from an IRA other than a Roth IRA (a "non-Roth IRA"). A qualified rollover contribution also includes a rollover from a designated Roth account described in Section 402A. Beginning January 1, 2008, a qualified rollover contribution will also include a rollover from any "eligible retirement plan" that meets the requirements of Section 402(c), 403(b)(8) or 457(e)(16). Contributions may be limited under (b) and (c) below.
- (b) Qualified Rollover Contribution Limit. A rollover from a non-Roth IRA cannot be made to this IRA if, for the year the amount is distributed from the non-Roth IRA, (i) the Owner is married and files a separate return, (ii) the Owner is not married and has modified AGI in excess of \$100,000 or (iii) the Owner is married and together the Owner and the Owner's spouse have modified AGI in excess of \$100,000. For purposes of the preceding sentence, a husband and wife are not treated as married for a taxable year if they have lived apart at all times during that taxable year and file separate returns for the taxable year.

- (c) Simple IRA Limits. No contributions will be accepted under a SIMPLE IRA plan established by any employer pursuant to Section 408(p). Also, no transfer or rollover of funds attributable to contributions made by a particular employer under its SIMPLE IRA plan will be accepted from a SIMPLE IRA, that is, an IRA used in conjunction with a SIMPLE IRA plan, prior to the expiration of the 2-year period beginning on the date the Owner first participated in that employer's SIMPLE IRA plan.
- (d) Modified AGI. For purposes of (b) above, an Owner's modified AGI for a taxable year is defined in Section 408A(c)(3)(C)(i) and does not include any amount included in adjusted gross income as a result of a rollover from a non-Roth IRA (a "conversion").

4. Required Distributions

- (a) No amount is required to be distributed prior to the death of the Owner.
- (b) Notwithstanding any provision of this IRA to the contrary, the distribution of the Owner's interest in the IRA shall be made in accordance with the requirements of Code Section 408(b)(3), as modified by Section 408A(c)(5), and the regulations thereunder, the provisions of which are herein incorporated by reference. If distributions are not made in the form of an annuity on an irrevocable basis (except for acceleration), then distribution of the interest in the IRA (as determined under paragraph 4(d)) must satisfy the requirements of Code Section 408(a)(6), as modified by Section 408A(c)(5), and the regulations thereunder, rather than the distribution rules in paragraphs (c), (d), (e) and (f) below.
- (c) Upon the death of the Owner, his or her entire interest will be distributed at least as rapidly as follows:
 - (i) If the designated Beneficiary is someone other than the Owner's surviving spouse, the entire interest will be distributed, starting by the end of the calendar year following the calendar year of the Owner's death, over the remaining life expectancy of the designated Beneficiary, with such life expectancy determined using the age of the Beneficiary as of his or her birthday in the year following the year of the Owner's death, or, if elected, in accordance with subparagraph (c)(iii) below.
 - (ii) If the Owner's sole designed Beneficiary is the Owner's surviving spouse, the entire interest will be distributed, starting by the end of the calendar year following the calendar year of the Owner's death (or by the end of the calendar year in which the Owner would have attained age 70 1/2, if later), over such spouse's life, or, if elected, in accordance with subparagraph (c)(iii) below. If the surviving spouse dies before required distributions commence to him or her, the remaining interest will be distributed, starting by the end of the calendar year following the calendar year of the spouse's death, over the spouse's designated Beneficiary's remaining life expectancy determined using such Beneficiary's age as of his or her birthday in the year following the death of the spouse, or, if elected, will be distributed in accordance with subparagraph (c)(iii) below. If the surviving spouse dies after required distributions commence to him or her, any remaining interest will continue to be distributed under the contract payment option chosen.

- (iii) If there is no designated Beneficiary, or if applicable by operation of subparagraph (c)(i) or (c)(ii) above, the entire interest will be distributed by the end of the calendar year containing the fifth anniversary of the Owner's death (or of the spouse's death in the case of the surviving spouse's death before distributions are required to begin under subparagraph (c)(ii) above).
- (iv) Life expectancy is determined using the Single Life Table in Q&A-1 of Section 1.401(a)(9)-9 of the Income Tax Regulations. If distributions are being made to a surviving spouse as the sole designated Beneficiary, such spouse's remaining life expectancy for a year is the number in the Single Life Table corresponding to such spouse's age in the year. In all other cases, remaining life expectancy for a year is the number in the Single Life Table corresponding to the Beneficiary's age in the year specified in subparagraph (c)(i) or (ii) and reduced by 1 for each subsequent year.
- (d) The "interest" in the IRA includes the amount of any outstanding rollover, transfer and recharacterization under Q&A's-7 and -8 of Section 1.408-8 of the Income Tax Regulations and the actuarial value of any other benefits provided under the IRA, such as guaranteed death benefits.
- (e) For purposes of subparagraph (c)(ii) above, required distributions are considered to commence on the date distributions are required to begin to the surviving spouse under such subparagraph. However, if distributions start prior to the applicable date in the preceding sentence, on an irrevocable basis (except for acceleration) under an annuity contract meeting the requirements of Section 1.401(a)(9)-6T of the Temporary Income Tax Regulations, then required distributions are considered to commence on the annuity starting date.
- (f) If the sole designated Beneficiary is the Owner's surviving spouse, the spouse may elect to treat the IRA as his or her own IRA. This election will be deemed to have been made if such surviving spouse makes a contribution to the IRA or fails to take required distributions as a Beneficiary.

5. Compliance

- (a) The Owner has the sole responsibility for determining whether any purchase payment meets the applicable income tax rules.
- (b) The Owner or Beneficiary shall be solely responsible for requesting a distribution which complies with this Rider and applicable law.

6. Annual Reports

The Company shall furnish annual calendar year reports concerning the status of the annuity and such information concerning required minimum distributions as is prescribed by the Commissioner of Internal Revenue.

7. Amendments

We reserve the right to amend this Contract or Rider to the extent necessary to qualify as a Roth IRA for federal income tax purposes.

8. Terms

All of the terms used in this Rider have the same meanings as in the Contract unless otherwise clearly indicated in this Rider. This Rider is subject to all the exclusions, definitions, and provisions of the Contract which are not inconsistent with the terms of this Rider.

The effective date of this rider is the Issue Date.

TERMINAL ILLNESS WAIVER RIDER

In This Rider

Terms used in this rider shall have the same meanings as are set forth in the Contract to which this rider is attached unless otherwise defined in this rider.

Definitions

Owner – The Owner or one of the Joint Owners of the Contract to which this rider is attached or the Annuitant or one of the Joint Annuitants if the Owner is a non-natural person.

Physician – A medical doctor who is licensed by the state in which he/she practices medicine and is not a member of the Owner's family.

Proof – Evidence satisfactory to Us.

Terminal Illness – A medical condition resulting from bodily injury, or disease, or both:

- which has been diagnosed by a licensed and qualified Physician; and
- which diagnosis is supported by clinical, radiological, laboratory evidence or other Proof of the medical condition; and
- which a licensed and qualified Physician certifies is expected to result in death within 12 months; and
- which is confirmed by a second opinion of another licensed and qualified Physician, based upon that Physician's examination of the Owner.

The Physician selected to provide a second opinion must be acceptable to both You and Us. Any second opinion shall be done at Our expense and shall be conclusive as to whether the Owner suffers from a Terminal Illness. We may, at Our sole discretion, waive the requirement of a second opinion.

THE BENEFIT

The Withdrawal Charge will be waived on any portion of the Contract Value withdrawn after the first Contract Anniversary and after We receive Proof that the Owner is suffering from a Terminal Illness.

The effective date of this rider is the Issue Date.

GUARANTEED PAYMENT PERIOD, NOT TO EXCEED LIFE EXPECTANCY ANNUITY OPTION RIDER

In This Rider

This Rider is made part of the Contract or Certificate (hereafter "Contract") to which it is attached and is effective on the date the Contract is issued. Terms used in this Rider shall have the same meanings as are set forth in the Contract to which this Rider is attached unless otherwise defined in this Rider. In the case of a conflict between the terms of this Rider and the terms of the Contract, the terms of this Rider will control.

The Benefit

The following additional Annuity Option is available for You to elect on the Annuity Date:

Option 6a – Guaranteed Payment Period, Not to Exceed Life Expectancy – We will make payments for a guaranteed payment period equal to the life expectancy of the Annuitant.

Once payments commence under this Annuity Option, the option is irrevocable and the Contract has no value that can be surrendered, loaned, commuted or withdrawn.

The payments made under this annuity are non-assignable.

The effective date of this Rider is the Issue Date.

LIMITATIONS AND EXCLUSIONS UNDER THE ARKANSAS LIFE AND HEALTH INSURANCE GUARANTY ASSOCIATION ACT

Residents of this state who purchase life insurance, annuities or health and accident insurance should know that the insurance companies licensed in this state to write these types of insurance are members of the Arkansas Life and Health Insurance Guaranty Association ("Guaranty Association"). The purpose of the Guaranty Association is to assure that policy and contract owners will be protected, within certain limits, in the unlikely event that a member insurer becomes financially unable to meet its obligations. If this should happen, the Guaranty Association will assess its other member insurance companies for the money to pay the claims of policy owners who live in this state and, in some cases, to keep coverage in force. The valuable extra protection provided by the member insurers through the Guaranty Association is not unlimited, however. And, as noted in the box below, this protection is not a substitute for consumers' care in selecting insurance companies that are well managed and financially stable.

DISCLAIMER

The Arkansas Life and Health Insurance Guaranty Association ("Guaranty Association") may not provide coverage for this policy. If coverage is provided, it may be subject to substantial limitations or exclusions and require continued residency in this state. You should not rely on coverage by the Guaranty Association in purchasing an insurance policy or contract.

Coverage is NOT provided for your policy or contract or any portion of it that is not guaranteed by the insurer or for which you have assumed the risk, such as non-guaranteed amounts held in a separate account under a variable life or variable annuity contract.

Insurance companies or their agents are required by law to provide you with this notice. However, insurance companies and their agents are prohibited by law from using the existence of the Guaranty Association to induce you to purchase any kind of insurance policy.

Little Rock, Arkansas 72201-1904

The state law that provides for this safety-net is called the Arkansas Life and Health Insurance Guaranty Association Act ("Act"). Below is a brief summary of the Act's coverages, exclusions and limits. This summary does not cover all provisions of the Act; nor does it in any way change anyone's rights or obligations under the Act or the rights or obligations of the Guaranty Association.

COVERAGE

Generally, individuals will be protected by the Guaranty Association if they live in this state and hold a life, annuity or health insurance contract or policy, or if they are insured under a group insurance contract issued by a member insurer. The beneficiaries, payees or assignees of policy or contract owners are protected as well, even if they live in another state.

EXCLUSIONS FROM COVERAGE

However, persons holding such policies are NOT protected by this Association if:

- * they are eligible for protection under the laws of another state (this may occur when the insolvent insurer was incorporated in another state whose guaranty association protects insureds who live outside that state);
- * the insurer was not authorized to do business in this state;
- * their policy was issued by a nonprofit hospital or medical service organization, an HMO, a fraternal benefit society, a mandatory state pooling plan, a mutual assessment company, or similar plan in which the policy or contract owner is subject to future assessments, or by an insurance exchange.

The Guaranty Association also does NOT provide coverage for:

- * any policy or contract or portion thereof which is not guaranteed by the insurer or for which the owner has assumed the risk, such as non-guaranteed amounts held in a separate account under a variable life or variable annuity contract.
- * any policy of reinsurance (unless an assumption certificate was issued);
- * interest rate yields that exceed an average rate;
- * dividends and voting rights and experience rating credits;
- * credits given in connection with the administration of a policy by a group contract holder;
- * Employers' plans to the extent they are self-funded (that is, not insured by an insurance company, even if an insurance company administers them);
- * Unallocated annuity contracts (which give rights to group contractholders, not individuals);
- * Unallocated annuity contracts issued to/in connection with a benefit plans protected under Federal Pension Benefit Corporation ("FPBC") (whether the FPBC is yet liable or not);
- * Portions of an unallocated annuity contract not owned by a benefit plan or a government lottery (unless the owner is a resident) or issued to a collective investment trust or similar pooled fund offered by a bank or other financial institution);
- * Portions of a policy or contract to the extent assessments required by law for the Guaranty Association are preempted by State or Federal law;
- * Obligations that do not arise under the policy or contract, including claims based on marketing materials or side letters, riders, or other documents which do not meet filing requirements, or claims for policy misrepresentations, or extra-contractual or penalty claims;
- * Contractual agreements establishing the member insurer's obligations to provide book value accounting guarantees for defined contribution benefit plan participants (by reference to a portfolio of assets owned by a nonaffiliate benefit plan or its trustees).

LIMITS ON AMOUNT OF COVERAGE

The act also limits the amount the Guaranty Association is obligated to cover. The Guaranty Association cannot pay more than what the insurance company would owe under a policy or contract. Also, for any one insured life, the Guaranty Association will pay a maximum of \$300,000 - no matter how many policies and contracts there were with the same company, even if they provided different types of coverages. Within this overall \$300,000 limit, the Association will not pay more than \$300,000 in health insurance benefits, \$300,000 in present value of annuity benefits, or \$300,000 in life insurance death benefits or net cash surrender values - again, no matter how many policies and contracts there were with the same company, and not matter how many different types of coverages. There is a \$1,000,000 limit with respect to any contract holder for unallocated annuity benefits, irrespective of the number of contracts held by the contract holder. These are limitations for which the Guaranty Association is obligated before taking into account either its subrogation and assignment rights or the extent to which those benefits could be provided out of the assets of the impaired or insolvent insurer.
